RE: Application of All American Power and Gas PA, LLC for a License to Supply Electricity

To Whom it May Concern,

All American Power and Gas PA, LLC ("AAP&G") respectfully requests the Pennsylvania Public Utility Commission to find the enclosed application for a license to supply electricity in the Commonwealth of Pennsylvania. Please keep under seal as "Confidential" and not make part of the public record attachments 7B-b, 7B-d, 7C, 8A-c, 8A-d, and exhibit 9. The electric utility business is highly competitive, and it is imperative that public disclosure of the confidential information contained in the documents identified above be avoided. Pure Energy USA is privately held and not a publicly traded company therefore, all its information is highly confidential. The public disclosure of AAP&G's information as disclosed in response to the questions and provided exhibits noted above would create a hardship for AAP&G because it would give an unfair advantage to AAP&G's competitors and would likely result in economic damages to AAP&G.

Thank you for your time and consideration.

Sincerely

Jason Danka
President

After being promoted from a CSR to floor manager and commercial sales manager, Mr. Chansouk was able to learn and understand the different regulations and compliance procedures throughout several States. This included customer satisfaction, retention, adherence to the right of rescission and consumer rights and continually monitored TPV's to maintain compliance. In addition to maintaining compliance he was also responsible for commercial sales, broker agreements and onboarding. After being appointed Customer Service Manager, Mr. Chansouk developed his own customer complaint procedures which were developed to compliment the risk procedures. Mr. Chansouk provides a comfortable level of customer service management and an understanding of the importance of maintaining the proper consumer services to prospective clients.
