

September 11, 2019

Pennsylvania Public Utility Commission
Attn: Secretary Rosemary Chiavetta
400 North Street
Harrisburg, PA 17120

RE: Docket No. L-2019-3010267: Proposed Rulemaking Regarding Hazardous Liquid Public Utility Safety Standards at 52 Pa. Code Chapter 59

Dear Secretary Chiavetta:

I am writing today to submit the signatures of **480** of our members who urge the Public Utility Commission to make its current pipeline safety regulations as strong as possible. We would like to add these names to the **1,624** signatures comprised in a previous document our organization submitted before the comment period had been extended to September 11, 2019.

In the case of Sunoco's Mariner East project, there have been over 100 incidents, including spills, leaks, sinkholes, and private well contamination, that have jeopardized the safety of our communities and children. These pipelines pump highly volatile natural gas liquids through densely populated areas like the Philadelphia suburbs, and a leak or explosion could put thousands of people's lives at risk. There is currently no feasible evacuation plan for residents who live, or send their kids to school, within the pipeline's "blast zone." And there are no adequate plans for evacuation given the population density in the counties where the pipeline cuts through.

Please strengthen your current pipeline safety regulations to include a credible emergency plan, and apply these regulations to new and existing pipelines like Mariner East.

Thank you for your consideration.

Katie Blume
Political Director
Conservation Voters of PA
