To Whom It May Concern:

I Am writing this letter because I received a letter today, Fri Sept 6 informing me that the hearing dated for Sept 10 is cancelled. I did speak with the Attn. for West Penn Power, but I never agreed to cancel the phone interview with PUC. She informed me that West Penn Power wanted \$1,000 down by Sept. 10. I explained to her that I don't mind paying the \$1,000 down if I could ~~break~~ break it up into two payments. I only get \$847 monthly so it would be hard to pay it all in a lump sum. She was supposed to call me back which she never did so I just thought that the hearing was still on. until today, I would like to reschedule the meeting.

THANK YOU

Edwin Love
