**RE: Connect Energy Resources, LLC
Application to Serve as a Natural Gas Broker**

Dear Mr. Daniels,

Based on your assertion that Connect Energy Resources, LLC ("Connect Energy") is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc. ("UGIU") has concluded that Connect Energy will not need to post security with UGI Utilities, Inc. - South Rate District ("UGI South"), UGI Utilities, Inc. - North Rate District ("UGI North") or UGI Utilities, Inc. - Central Rate District ("UGI Central"). This is based on the declaration that Connect Energy will be acting in conjunction with a licensed Natural Gas Supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the respective UGIU Tariffs. If Connect Energy wishes to directly serve Choice customers in the service territories of UGI South, UGI North and/or UGI Central in the future as a natural gas supplier, it will have to post security as specified in the respective UGI Tariffs prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.

Sincerely,

David E. Lahoff

However, if the services provided change in the future, we reserve the right to require security from Connect Energy Resources LLC as deemed appropriate.

RE: Security Requirement Bond for Connect Energy Resources, LLC

Dear Mr. Daniels

Philadelphia Gas Works ("PGW") is aware that Connect Energy Resources, LLC has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Connect Energy Resources, LLC must furnish acceptable security to each utility where Connect Energy Resources, LLC will do business. As such, under its tariff, Philadelphia Gas Works could require Connect Energy Resources, LLC to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that Connect Energy Resources, LLC intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services Connect Energy Resources, LLC will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, Connect Energy Resources, LLC does not need to post a bond or other form of security to operate in its service territory. If the services provided by Connect Energy Resources, LLC should change, Philadelphia Gas Works reserves the right to require security from Connect Energy Resources, LLC as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-7878-5103.

Sincerely,

Dear Mr. Daniels:

We are pleased that Connect Energy Resources LLC has applied for a license to provide natural gas services on the Peoples Group of Companies. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Company LLC, Peoples Natural Gas Company LLC – Equitable Division, and Peoples Gas Company LLC (formerly Peoples TWP) (“the Companies”).

Since Connect Energy Resources LLC is not currently serving customers on the Peoples systems, we have determined at this time that Connect Energy Resources LLC does not need a bond or other financial security requirement to provide these services to the Company’s customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company’s exposure to Connect Energy Resources LLC provision of services on the Peoples’ system changes in the future, the Companies may deem it appropriate to require a bond or other financial instrument.

If you have any questions feel free to contact me at 412-208-6931 or by email at Carol.Scanlon@peoples-gas.com.

Sincerely,

Dear Charles Daniels:

We are pleased that Connect Energy Resources LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Connect Energy Resources LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Connect Energy Resources LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Connect Energy Resources LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Connect Energy Resources LLC changes in the future, Columbia Gas might deem it appropriate to require Connect Energy Resources LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4881 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Re: Connect Energy Resources, LLC

Dear Charles,

National Fuel Gas Distribution Corporation ("NFGDC") is aware Connect Energy Resources, LLC (CER) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, CER must furnish acceptable security to each utility where CER will do business. As such, under its tariff, NFGDC could require CER to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC's understanding that CER intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, CER will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, CER does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by CER change in the future, NFGDC reserves the right to require security from CER as it deems appropriate.

Re: Broker Requirements

Dear Connect Energy Resources, LLC:

PECO is aware that Connect Energy Resources, LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Connect Energy Resources, LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Connect Energy Resources, LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers, and will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that Connect Energy Resources, LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Connect Energy Resources, LLC the creditworthiness requirement for PECO's exposure to Connect Energy Resources, LLC changes in the future, PECO reserves the right to require Connect Energy Resources, LLC to provide a bond or other financial security instrument.
