 (b) **Short summary of history & facts, documents & briefs**
 (c) **Recommendation**

- (a) APPLICATION OF INTERSTATE ENERGY COMPANY FOR APPROVAL OF THE CONSTRUCTION, BELOW GRADE, OF PIPELINES ACROSS VARIOUS RAILROAD FACILITIES.
- (b) These applications were filed with the Commission seeking approval to allow the crossing of the railroad right-of-ways by the pipeline company. Despite hearing on the applications, the matter could not be expediently resolved, and the applicant then entered into private occupancy agreements with the carrier which in turn made the applications moot.
- (c) Inasmuch as no further action by the Commission is necessary, the Bureau of Rail Transportation recommends that the cases be closed. It further recommends that all parties in interest be so notified by Secretarial letter and a copy of said letter be placed in the record folder.
