9. **PROPOSED SERVICES:** Generally describe the electric services or the electric generation services which the Applicant proposes to offer.
We are an energy consulting brokerage company serving in the deregulated markets. We work with businesses in the commercial, industrial, and government entities to help them make informed decisions on their energy procurement.

The applicant does not take title to electricity and we will not be paying electricity bills on behalf of customers.

16. **COMPLIANCE:** State specifically whether the Applicant, an affiliate, a predecessor of either, or a person

identified in this Application has been convicted of a crime involving fraud or similar activity. Identify all proceedings, by name, subject and citation, dealing with business operations, in the last five (5) years, whether before an administrative body or in a judicial forum, in which the Applicant, an affiliate, a predecessor of either, or a person identified herein has been a defendant or a respondent. Provide a statement as to the resolution or present status of any such proceedings.

No proceedings of such nature

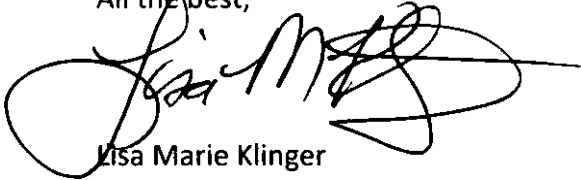

MARKETING (SUPPLEMENTAL INFO): The applicant will have its own employees handling marketing. The applicant will also hire independent contractors for marketing. Independent contractors are under the direct supervision of a full time America Approved direct employee.

Also enclosed is the correctly completed Tax Certification Statement (Appendix B), and the actual effective bond with Appendix A.
