RE: Security Requirement Bond for Regional Resources Energy Group, LLC

Dear Ms. Simone:

Philadelphia Gas Works ("PGW") is aware that Regional Resources Energy Group, LLC has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Regional Resources Energy Group, LLC must furnish acceptable security to each utility where Regional Resources Energy Group, LLC will do business. As such, under its tariff, Philadelphia Gas Works could require Regional Resources Energy Group, LLC to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that Regional Resources Energy Group, LLC intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services Regional Resources Energy Group, LLC will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, Regional Resources Energy Group, LLC does not need to post a bond or other form of security to operate in its service territory. If the services provided by Regional Resources Energy Group, LLC should change, Philadelphia Gas Works reserves the right to require security from Regional Resources Energy Group, LLC as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6725.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Zuk'.
