Letter Received from PA PUC: 10/31/2019 -- via e-mail

Dear PA-PUC,

In reference to Docket Number: **C-2019-3013932**

This letter is to answer to the complaint regarding the docket number above.

Big Blue Carriers Inc. has not had any freight hauling activities since **4/23/2019**. We tried to maintain business operations and secure contracts, but we were unable to afford the high insurance premiums without any regular income.

We have NOT participated in ANY freight hauling operations since **4/23/2019**, and therefore have NOT violated the laws stated in the letter from PUC. We sold the truck, **and afterwards**, we canceled the insurance coverage. We do NOT have ANY vehicles under Big Blue Carriers Inc. ownership at this time that are still on the road.

At this time, we are ceasing freight hauling operations, we are going to redesign our company as a whole and take our business in a different direction. We plan to apply for PUC authority (if needed) in the future if our new business design takes us in that direction.

Thank you in advance for your time,

Max Rosen

President  
Big Blue Carriers Inc.
