To: Whom it may concern,

My patient Patricia Steely DOB: 03/24/1963, suffers from electromagnetic hypersensitivity. The smart meter emits RF radiation which will aggravate my patients existing medical condition. Because of my patients electromagnetic hypersensitivity, I request the smart meter not be installed, allowing my patient to live in and enjoy her residence without the RF radiation exposure.

Should you need further information, please feel free to contact our office at 215.536.1890. I appreciate your prompt attention to this matter.

Sincerely,

Provider:

To whom it may concern:

Patricia has documented chemical sensitivity intolerance syndrome with comorbid chronic fatigue-fibromyalgia overlap syndrome and other multiple medical problems.

These multiple conditions are responsible for significant poly-symptoms of severe fatigue, migraine and nonmigraine headache, joint pains, muscle pains, memory impairment with cognitive dysfunction, and sleep disturbance.

Due to the patient's multiple medical problems and associated significant poly-symptoms, it is medically necessary that she be provided a 3-month deferment concerning her smart meter action.

If you have any further questions you may contact our office with the contact information stated below.

Sincerely,

W Kracht DO
