**Michael T Jennings'
Revised Identification of Factual and Expert Witnesses and Expected Testimony**

On June 14, 2019 Complainant filed a Petition for Extension of Time in order to identify a new expert witness and to provide written direct testimony of Complainant's factual and expert witnesses. An Interim Order was entered on July 2, 2019, revising the litigation schedule in this proceeding. I received a copy of the Interim Order Providing for Third Revised Initial Litigation Schedule in this matter dated August 12, 2019. Paragraph 2 of that Order requires on or before November 1, 2019, discovery must be concluded.

Per instructions in the Interim Order Establishing Initial Litigation Schedule, dated January 25, 2019, Paragraph 2 states that any Party wanting to present expert testimony (including but not limited to medical, technical, etc.) must provide to the other Party in writing, the name and business address of that expert and a written summary of the expected testimony of that witness.

I expect to call the following as factual witness in this matter:

Laura Sunstein Murphy, PhD, Esquire (ret.)
1191 Telegraph Road
West Chester, PA 19380

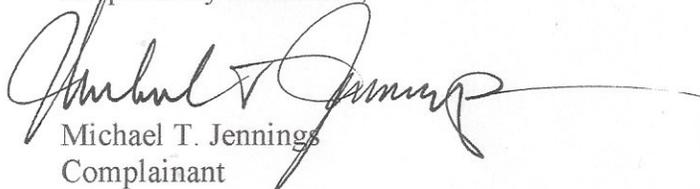

Mrs. Murphy's summary statement will be mailed as it is **CONFIDENTIAL**. It contains protected HIPPA medical information of the witness, and must be maintained in a separately marked "confidential" folder. All copies of this report must be destroyed or returned to the witness after conclusion of this formal complaint process.

I expect to call the following as an expert witness:

Dr. Michael Semelka, DO
Excelsa Health
Church Street
Mount Pleasant, PA 15666

Dr. Michael Semelka graduated from the Pennsylvania State University College of Medicine in 2000. Dr. Semelka works in Mount Pleasant, PA and specializes in Family Medicine. Dr. Semelka is affiliated with Excelsa Health Latrobe Hospital and Excelsa Health Westmoreland Hospital. Dr. Semelka is the Primary Care Physician for both Susan Jennings and McKenzie Jennings. Dr. Semelka will provide insight on the harm my son, McKenzie, would possibly experience with the installation of a RF/EMF-emitting invoicing tool and how this will affect his existing medical conditions.

Respectfully Submitted,
