RE: Michele Hriadil and Francis Hriadil v. Duquesne Light Company
Docket No. C-2016-2571726
Adding to Our November 17 Objection ... and Motion for Reconsideration of Our November 8 Request for a Continuance is the Delivery of this New Evidence and Exhibit From the Respondent.

Cc: Jeremy V Farrell, Esquire, Counsel for Duquesne Light Company
Rosemary Chiavetta, Secretary, Pennsylvania Public Utility Commission

Dear ALJ Watson:

Today, I received the following message from the Respondent.

"Mr. Hriadil: I've attached a supplemental exhibit (F-8) that Duquesne Light may introduce into evidence at the hearing. I'm also sending hard copies to you and Judge Watson via overnight mail. I'm sending this exhibit to you because I was informed this morning that Duquesne Light is deploying new IPv6 routers in your neighborhood. I've been told that these routers may alter the duty cycle for the smart meters being deployed in your neighborhood. The attached supplemental exhibit contains information about the meter's duty cycle. We also may be following up with supplemental calculations from Dr. Cotts as soon as we receive them."

I have no time to properly review and assess this new information.

Among the multitude of other reasons Complainants have already submitted to you (including Francis Hriadil's disability and poor health, etc.) as to why we legitimately deserve and require a continuance is the delivery of this new information.

Please amend this to our Motion for Reconsideration, and grant us our requested and lawful continuance.

Please feel free to contact me if you have any questions.

Sincerely,

Francis Hriadil
Complainant
