**SUBJECT: PECO Energy Company Quarterly Distribution System Improvement Charge
Electric Operations – M-2018-3000598**

Dear Secretary Chiavetta:

In accordance with PECO's Joint Petition for Partial Settlement to its 2018 Electric Distribution Rate case, PECO cannot implement a new DSIC until at least April 1, 2020. Therefore, the Company's DSIC rate will remain a value of 0%. Since PECO cannot implement a new electric DSIC until April 2020, no DSIC calculation is being provided with the filing for the period of January 1, 2020 to March 31, 2020.

Also, in compliance with the Supplemental Implementation Order entered on September 21, 2016 at Docket No. M-2012-2293611, PECO includes Attachment 1 which shows a comparison of actual DSIC-eligible plant as of November 30, 2019 vs. projected plant investment placed in service for the fully projected test year claimed in PECO's 2018 Electric Distribution Base Rate Case.

Thank you for your assistance in this matter and please direct any questions regarding the above to Rich Schlesinger, Manager, Retail Rates at (215) 841-5771.

Sincerely,
