Re: Exception to be filed with
Secretary of the Commission

This communication is to disagree
with the decision, so ordered
by Eranda Vero Administrative
Law Judge on October 14, 2019
for the following reasons.

I Althea Poe-Henderson was
stunned by Li-Heap who
incited applications already
stating that Vero wanted
the grant money and they PUC
would send a Li-Heap Application
stating that they wanted the
grant.

As a result of the planning
and my decision not to
accept Li-Heap or Capor
CRP my bills trapped by

PGW,

My husband and I became ill in February of 2019 as a result of a gas leak. The PGW workers came and tore up the street after we complained. We had to go to Emergency room at Einstein for synthetic notified PGW and they said we know but you have to ~~pay~~ pay anyway.

Althea Poe-Nendler asked for an Dispute.

I was hospitalized in June of 2019 until ~~July 2~~ July 23, 2019 and was ~~convinced~~ when all the telephoning and request for appearing was being demanded and I had no real strength or presence of mind to know any legal or other stance

I Althea Poe-Henderson am asking for reconsideration of the David Order of Docket No. F-2019-3610206 and that the Secretary Bureau consider my insecurity and disability to consciously trust and obey any request for appearance or phone consideration.

Finally I have no knowledge or ability of a copy on CD ROM or DVD or the necessity to be able to comply to the Office of Special Assistants (OSA) Please excuse me from.

Thank You in Advance for your consideration

Sincerely
Althea Poe-Henderson
