PA PUBLIC UTILITY COMMISSION
SECRETARY'S BUREAU

RE: Docket No. A2019-3011913 – Summer Energy Midwest, LLC's Application for an Electric Generation Supplier License

Dear Secretary Chiavetta:

On July 2, 2019, Summer Energy Midwest, LLC ("Summer Energy") submitted its application to the Commission for an electric generation supplier license. In a letter dated November 7, 2019, which was received by my office on November 18, 2019, the Commission requested that we supplement Summer Energy's July 2nd application with information concerning the amount of contributions and loans that Summer Energy's parent company, Summer Energy Holdings, Inc., will provide to Summer Energy under Summer Energy's Operating Agreement.

Summer Energy Holdings, Inc. will support Summer Energy on an "as-needed" basis and, as such, will provide contributions or loans that are necessary and appropriate under the circumstances. Summer Energy may not need such contributions or loans from Summer Energy Holdings, Inc., and thus the Operating Agreement does not provide for the specific amounts therefor.

Further, to the extent the Commission is inquiring about Summer Energy's access to credit, as explained in Summer Energy's July 2nd application and supplemental information thereto, Summer Energy has entered into a credit arrangement with EDF Trading North America, LLC ("EDF"). Under that agreement, EDF provides various forms of credit support to Summer Energy, including (1) by providing cash, (2) by posting collateral for letters of credit required by state utility commissions and electric distribution companies, and (3) by selling power to Summer Energy for delivery to Summer Energy's customers while allowing Summer Energy to defer a regularly scheduled supply payment for a specified period.

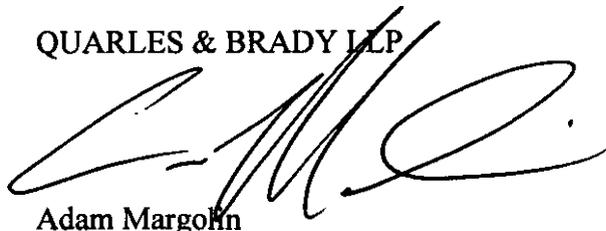

We have also enclosed a verification covering the information above.

Ms. Rosemary Chiavetta
