Dear Sir:

We at Flynn Energy received a notice on December 12, 2019, informing us we were in violation for failure to report proof of insurance. We have contacted our insurance company, Federated Insurance, and they have assured us the documents were sent and received by the PUC, in a timely manner. The notification we received dated December 9, 2019 stated that a certified letter was mailed to 1281 Mountain View Rd. and because we did not respond to that document, we are in contempt and owe a fine of \$500.00 dollars. Our company has not been at that location in over seven years. However, our proof of insurance from our address at 364 Wickwire Way, Towanda, PA was sent in every year. Also, we have a P.O. Box of 563 Wysox, PA that has been in effect all these years. Had we received the notification that was sent to 1281 Mountain View Road, we would have responded. Knowing our insurance companies have been sending the proof of insurance for these last seven years, we cannot understand why, we are being penalized for something we did not know occurred.

We request this penalty be reviewed with these circumstances in mind. I am enclosing a formal change of address that was sent to me by your office on Friday December 13, 2019. Our company has always been diligent in maintaining good standing with all of our regulatory agencies. Had we received the certified letter we would have immediately made every effort to conform as we are doing, now. This latest letter of the fine came to our P.O. Box address or we would not have received that either. Thank you for your time and consideration in this matter.
