**JOINT STATUS REPORT OF TRANSOURCE PENNSYLVANIA, LLC  
AND PPL ELECTRIC UTILITIES CORPORATION**

Pursuant to Ordering Paragraph 2 of the Twelfth Prehearing Order issued on November 7, 2019, Transource Pennsylvania, LLC (“Transource PA”) and PPL Electric Utilities Corporation (“PPL Electric”) submit the following Joint Status Report:

- a) *The status of the Joint/Amended Application(s) for the East Project.*

The Joint Amended Application was filed on January 29, 2020.

*b) The need, if any, to conduct additional discovery for the East Project, including an estimate of the types of discovery and the timing to complete such discovery;*

Transource PA and PPL Electric believe that the need to conduct additional discovery for the East Project should be minimal, considering that the proposed alternative route uses existing rights of way and that no condemnation applications are necessary. The Joint Applicants further note that the proposed alternative route does not alter any of the evidence on need which was previously presented, and the York County parties have agreed to the alternative route.

*c) The status of settlement discussion for the West Project;*

Transource PA remains willing to discuss settlement for the West Project with all interested parties.

*d) The need, if any, to conduct additional evidentiary hearings on the reliability issues, including a proposed date or dates for any such hearings.*

Transource PA and PPL Electric will work with the parties prior to the pre-hearing conference to attempt to reach a mutually agreeable date for hearings to introduce the remaining evidence and conduct cross examination, to the extent necessary.

*e) Any other procedural issues that the Parties need to address.*

Transource PA and PPL Electric will work with the parties to attempt to address any other procedural issues prior to the pre-hearing conference.
