RE: Enerwise Global Technologies, LLC d/b/a CPower Update for Conservation Service Provider (Docket No. A – 2012-2297625);

Dear Ms. Chiavetta,

Enclosed find Renewal Application addressing changes in various items since our updated filing in April 2019. The only updates are a correction of Item 2b where an incorrect form of business had been checked in our prior update and additional states listed in 2c where the applicant has registered since the most recent application submission.

Please direct any questions that you may have to:

The Applicant understands that the making of false statement(s) herein may be grounds for denying the Application for Renewal of Conservation Service Provider Registration, or if later discovered, for revoking any authority granted pursuant to the Application. This Application is subject to 18 Pa. C.S. §§4903 and 4904, relating to perjury and falsification in official matters.

**CONSERVATION SERVICE PROVIDER (“CSP”) APPLICATION
FOR REGISTRATION IN THE COMMONWEALTH OF PENNSYLVANIA**

Conservation Service Providers (“CSPs”) have a specific role under Act 129, which requires a covered Electric Distribution Company’s Energy Efficiency and Conservation (EE&C) plan to include one or more CSPs to implement at least a portion of the EE&C Plan. 66 Pa.C.S. § 2806.1(b)(1)(i)(E). CSPs provide information and technical assistance to EDCs on *measures* that enable a person to increase energy efficiency or reduce energy consumption. CSPs must have no direct or indirect ownership, partnership or other affiliated interest with an EDC. 66 Pa.C.S. § 2806.1 (m). Only registered CSPs may advise an EDC and/or provide consultation, design, or administration or management services to an EDC related to the implementation of the EDC’s EE&C Plan. As such, registration of business entities as approved CSPs is required before entering into a contractual agreement with an EDC exclusively for the provision of consultation, design, administration, management or advisory services regarding that EDC’s EE&C plan. This registry is not intended as a resource for business, whose sole purpose is the installation of measures, supplying of equipment or other contracting work for use by the general public and EDC customers. If providing such services, registration as a CSP is not required for entering into an agreement with an EDC.

Any CSP subcontractor with an annual contract cost that equals or exceeds 10% of the CSP annual contract cost and is directly performing services pursuant to a contract with a CSP which has contracted with an EDC after Commission approval should also register as a CSP. This does not include third party contractors which participate in or support an EE&C Plan but are not directly contracted with a CSP which has a direct contractual relationship with the EDC subject to Act 129.

To qualify an applicant must have at least two years of experience in providing program consultation, design, administration, management or advisory services related to energy efficiency and conservation services. CSP registration is not required of entities that limit their services to the installation of energy efficiency measures or the provision of equipment or materials to EDC customers or the public in general.

1. IDENTITY OF THE APPLICANT

- a. Legal Name of Applicant:
ENERWISE GLOBAL TECHNOLOGIES, LLC. D/B/A CPOWER

Attach proof of compliance with appropriate Pennsylvania Department of State filing requirements.¹

i. Contracts & Business Partnerships:

FEB - 3 2020

PA PUBLIC UTILITY COMMISSION
SECRETARY'S BUREAU

- Check Box if Applicant intends to or has operated under contract (subcontractor) with or has partnered with a CSP within the past five (5) years.** If "None," do not check the box and answer "None" below.

If any box above is checked, please provide name(s) of EDC(s) and CSP(s) and contact information for each and briefly describe the nature of business services associated with each contract and/or partnership.

During the Phase I and II implementations, CPower was wholly owned by Comverge, a residential demand response provider, that was also a registered CSP under Act 129. CPower contracted with Comverge to offer its contracted residential demand response resources into the PJM market. Enerwise's primary point of contact at Comverge was Greg Allarding (p) 678-823-6624.

CPower is contracting with several utilities to provide C&I peak shaving services for Act 129 Phase III.

Officer Biographies

CPower Executive Bios - 11012016

CPower Chief Executive Officer: John Horton – Mr. Horton has been President and CEO of CPower since its formation in 2014. John has over 20 years of C-level management experience and has created meaningful value for companies in diverse industries. He is an experienced executive, with extensive experience in driving organic growth, leading mergers and acquisitions, and formulating strategy. John has managed both large public corporations and private mid-market companies. Throughout his career he has focused on building a strong company culture based on creating an outstanding customer experience. Prior to the formation of CPower, Mr. Horton served as Executive Vice President and CFO for Comverge, the leading demand response provider to electric utilities. Mr. Horton holds a BBA from the University of Michigan and an MBA from the University of Texas.

Michael Abramson – Chief Financial Officer – Mr. Abramson was named Chief Financial Officer in December 2018 after having joined CPower in 2018 as SVP of Financing and Operational Analytics, a role in which he was focused on driving operational excellence through cross-functional collaboration. Prior to joining CPower, Mike was a Senior Vice President in Houlihan Lokey's Capital Markets Group, where he closed numerous financings for private equity-owned and entrepreneur-owned companies across multiple industries. Mike received an MBA in Finance from the Marshall School of Business at the University of Southern California and a B.B.A. in Finance and Accounting from the University of Michigan Business School.

Glenn Bogarde – SVP of Sales & Marketing – Mr. Bogarde has 19 years of progressively increasing responsibility in selling and delivering enterprise software & consulting in the energy & utility market. Mr. Bogarde currently oversees all sales and business development activities for CPower. Prior to joining CPower, he held several senior level leadership positions across the energy arena, including, Senior Vice President of Global Sales & Marketing at P2 Energy Solutions, National Vice President at SAP America, Inc. where he managed the Energy consulting practice, leading the strongest growth business in the North America Field Services organization, as well as, Oracle, Ventyx, and i2 Technologies. Mr. Bogarde earned his Bachelor of Science in Business Administration degree from Towson University, MD.

Shelley Schopp – SVP of Customer Fulfillment – Ms. Schopp has 18 years of energy experience and has led various operational teams for the last 14 years. Her primary focus was on the wholesale and generation/load side of the industry with the last 4 years dedicated to Demand Response. In her current role at CPower, she oversees cross-functional teams of Customer Program Managers and Project Managers with responsibilities including Engineering, Dispatch Desk, Enrollments, Contracts, Settlements and Payments. Prior to CPower, she took on roles of increasing responsibility at Mirant Energy, Orion Power, and Constellation/Exelon. Ms. Schopp holds a bachelor's degree in marketing from Kennesaw State University.

Constantine (Deno) Damaskos – SVP of Market Development - Mr. Damaskos has over 25 years of experience in the energy markets including distributed generation (traditional and renewable sources), demand response, commodity and energy efficiency. At CPower, he directs a team of product managers responsible for overseeing CPower's national portfolio of Demand Response products. His team is responsible for liaising with ISOs and utilities regarding DR program policy, developing and optimizing CPower's DR forward capacity positions, providing product support to the sales and operations groups, and developing new DR products. Prior to joining CPower, Mr. Damaskos held a similar role at Constellation Energy in addition to senior positions including Regional Vice President where he managed DR product

development, sales and operations for the eastern United States and Canada. Mr. Damaskos holds a B.S., Electrical Engineering (power systems concentration) from Northeastern University, MA.

Kyle Harbaugh – SVP of IT and Product Management— Mr. Harbaugh has responsibility for all aspects of Information Technology at CPower as well as customer facing digital products. He is a 15-year veteran of the energy industry with experience in wholesale and retail power, distributed generation and demand response. He managed an innovative team at Constellation, which was responsible for all aspects of their retail digital platforms from the web-enabled mass markets acquisition funnels to the energy customer portal. In 2010, Mr. Harbaugh led the team that built and released VirtuWatt™, an online application that allows customers to manage and optimize electricity usage in real-time in addition to enabling participation in demand-side energy markets. Kyle is currently a member of the Association of Energy Engineers, a Certified Energy Manager, and a Certified Demand Side Manager. He holds a Bachelor of Science in Business Information Systems from Stevenson University in Baltimore.

Additional Bios:

Stephen Oyler - Director of Compliance and Risk Management

Mr. Oyler brings a varied background in the energy industry through experience at several companies including General Electric, Eaton Corporation, and Westinghouse Electric Company. He manages the Market Compliance program and Committee which is a broad team responsible for ensuring appropriate transactions occur in all markets. Mr. Oyler also manages the company's risk program and insurance operations across each market and office. Mr. Oyler earned degrees in Accounting and International Business from Pennsylvania State University, a Master of Science in International Business and MBA from the University of Pittsburgh, Stanford University's Strategic Decision and Risk Management program, and graduate certificates in Carnegie Mellon University's Chief Risk Officer and Advanced Analytics programs.

Yanchun Wang – Director of Systems Development - Mr. Wang comes to CPower via EnergyConnect, where he directed Systems Development for the Integrated Demand Resources unit at Johnson Controls for over seven years. Mr. Wang is an expert in electrical market design and software system development with 30 years of experience in the electric industry including Energy Management Systems (EMS), Power Market System development, and software system integration. Prior to joining CPower via EnergyConnect, Mr. Wang managed software system development with a particular focus on EMS, Renewable Resource Integration, Smart Grid, and Power Market System Operation and Interface for APX and ABB. Mr. Wang holds a PH. D degree in Electrical Power Engineering from Tsinghua University in China.

Mark Boucher – Director of Product Development - Mr. Boucher was responsible for design, development and implementation of our industry leading software that was used in Phase 1 of PA Act 129 program scheduling, event signaling and settlements, and integration with customer building control systems. Mr. Boucher brings 15 years of experience in systems development across various industries including industrial, financial, medical, and energy. Mr. Boucher holds a bachelor's degree from the University of Washington School in Business and Information Technologies.
