

Docket No. A-2019-3014727
Sebastian Moving Philadelphia LLC
Data Request

1. What steps have you undertaken to verify that the maintenance performed for the company you rent from will satisfy the requirements of the Public Utility Commission?

From their website directly, "Rentals include normally scheduled preventive maintenance, as well as repairs, inspections, tire replacement or repairs, and road call assistance. You are responsible for insurance coverage, fuel, operator and damage beyond normal wear and tear." We have also called our local rental office and spoke with the Kerven Alfred (215-425-8855). He informed us that there are set dates for each type of truck and depending on if they reach a certain mileage or the date listed, they are taken in for inspection, service, or what is necessary at that given time. He will be sending me further information in regards to this, however due to the short time frame for response, I was unable to receive it prior to needing to respond, hence I was unable to attach the information directly from him for your records as well.

They do ensure they are in compliance with all PUC standards as they rent to civilians as well as businesses. At any time prior to renting the vehicle, we are able to inspect it to ensure all proper maintenance has been performed according to their records, or by bringing in our own inspector, and are able to see that everything is up to date for all State or periodic inspections including any necessary decals. After taking possession of the vehicle, we can then take it to a certified inspector as well to ensure that all safety and maintenance requirements have been met. We also will ensure that any vehicle we are utilizing has the proper markings on each side, including the name and address of the location we are renting from, as well as their PUC number. We will always have documentation in the vehicle with us specifying our PUC number, job specific information, all maintenance records, the rental contracts, and any inspection paperwork (whether provided by the rental company or done on our own to ensure it meets the requirements of the 52 PA Code).

I, JAMIN SEBASTIAN, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief, and that I expect to be able to prove the same at a hearing held in this matter. I understand the statements herein are made subject to penalties of 18 Pa.C.S. § 4904 (relating to unsworn falsification to authorities).
