SUCH

MOTION AND REQUEST TO DEPUTY
ADMINISTRATIVE LAW JUDGE CHRISTOPHER
PELL FOR A DIFFERENT JUDGE AS
ADMINISTRATIVE JUDGE DEVOE WHOM WE
PREVIOUSLY HAD.

Heretofore Mr. Cummins and Ms. Mousios
were assigned Judge Emily De Uoe to their
case. without explanation, they were re-assigned
to Judge Neep.

Judge Neep has violated complainants'
right to due process and right to preserve
their issues on appeal.

We have ordered a Pennsylvania Judicial
Board form to file a complaint against
Judge Neep.

The plethora of offenses and fallacious
arguments of Judge Neep are repudiated in
the motion to Judge Neep. This way you do
not have to read these twice.

Complainants wish to emphasize that on or around December 19, 2019, Met Ed filed an objection to their Motion for a continuance. TWO DAYS LATER Judge Neep ruled to deny their motion WITHOUT ALLOWING ANY TIME FOR COMPLAINANTS TO FILE A RESPONSE. THIS IS AS BAD AS EX PARTE COMMUNICATION. IS SUCH UNCTUOUS, ILLEGAL JUDICIAL BEHAVIOR TO BE TOLERATED?

We would also need to know which branch of the Supreme Court covers Grievances of Contumacy and Failure to be fair and impartial. Please advise with this information.

We are aware that we were removed from Judge DeVoe because of the considerable publicity garnered by Ms. Mousios' state mandated homelessness. Although Ms. Mousios had lived most years since 1996 at her residence, she was forced to be homeless by the neighbors sickening smart meter - her living quarters a car, a tent and a shed.

Judge DeVoe showed a modest amount of decency for Ms. Mousios' homelessness by state mandate. This is why we no longer have her for a judge.

This does not mean we would win under Judge DeVoe!

We understand we are human collateral
in a venal, scurrilous morally depraved
paradigm of greed and evil.

The other component is various legislators' quackery of Ms. Mousios' plight, her congresswomen's efforts on her behalf to the PLC and the ubiquitously disseminated photographs of her and her dogs in front of her tent. (Her dogs became extremely ill from the smart meter and one died with \$3,161.00 in veterinary bills.)

So the complaints were re-assigned to the draconian Judge Neep, replete with her fellonious rulings and arguments.

Ms. Mousios' health has not recovered from the pernicious smart meter - she still has muscle and joint pain and weakness, ear problems, heart and lung conditions never before experienced and pain - electromagnetic sensitivity.

Namelessly submitted
