Exemptions of Lowell Watts

Dear Secretary Rosemary,

I truly am sorry for taking up your valuable time. I can only reiterate the importance of your acceptance of my request for an exemption to installing a smart meter on my home.

Instead of making this letter the equivalent to an epistle, please review my previous pleas and allow me to keep my analog meter on my home. It's more important to my health than you can comprehend.

I'm sure you have heard the saying put your money where your mouth is, so I'm going to do exactly that. I've taken the highest reading on my meter for the past year 2975 kWh and the total 18,403 and used a simple ratio to determine my annual charges incurred and came up with a total of 1982.64. I am sending West Penn Power that amount today. I know a smart meter saves West Penn time & money, it also allows them to turn power on & off remotely, if I don't pay my bill. This is a fantastic leap ahead in technology & a wonderful business plan for 99.9% of its customers.

So now, as usual, I'm finding myself in the .001 Percentile. By sending west penn / first energy a years payment in advance, I'm praying you will realize how vital this is to my health and well-being to keep the analog meter on my home. I also hope you understand I grasp the economics of westpenn's position.

I have always felt the best solution to any problem is a win win scenario. I will send west penn / first energy payment for the entire year, every January to help mitigate their meter reading expenses and would gladly entertain any further requirements they may have.

In closing, I Beg of you to except my Request for exemption. I value your time and appreciate how much of it you have spent on me.

Respectfully,

Jewel Watts

Messages
To avoid a 1.50% Late Payment Charge being added to your bill, please pay the Amount Due by the Due Date.

Your current **PRICE TO COMPARE** for generation and transmission from West Penn Power is listed below. For you to save, a supplier's price must be lower.

Domestic Service - 0006855659 - 5.85 cents per KWH
Customer reserves the right to shop for an electric supplier.

Your next meter reading is scheduled to occur on or about Jan 23, 2020.

Your bill includes \$23.85 in PA taxes, of which \$18.91 is PA gross receipts tax.

Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utilities Commission regulates distribution prices and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

Best wishes for a joyous holiday season from all of us at West Penn Power.

Customers receiving Default Service have a new Price to Compare (PTC), effective December 1, 2019. Please review the PTC information shown on page one of your bill. You can save money by switching to an electric generation supplier that offers a lower price than your PTC.
