The Honorable Joel H. Cheskis
Deputy Chief Administrative Law Judge
Pennsylvania Public Utility Commission
400 North Street
Harrisburg, PA 17120

**RE: MAW Communications, Inc., v. PPL Electric Utilities Corporation
C-2019-3015187**

Dear Judge Cheskis:

I received MAW Communications' Motion for Extension of Time. The motion is correct in suggesting that we do not oppose the request for extension of time; however, I do wish to reiterate that the contentions alleged by MAW, including, suggestion that PPL Electric consistently denied MAW access to its fiber optic network, and denial of access to repair routine service outages, as well as claims of unjust, unreasonable rates and terms and conditions of attachment are vigorously denied.

We believe the record will refute MAW's claims.

If a formal response to the motion is required to preserve these positions, please advise.

Very truly yours,

Joseph S. D'Amico, Jr.
