I Marquitta Burton disagree with the decision made on my case docket # C-2019-3013304. I disagree with the statement cited on page 9, that's states I didn't have any of the 4 prongs that would make me eligible to reinstate my previous payment arrangement from October 2015. I had a increase in dependents since then, which should qualify me for reinstatement. I testified during the hearing that I have myself and two minor dependents. My youngest son was born in June 2016, which is a increase in dependents since my last previous arrangement.

I also testified in the hearing that the income I was receiving through PA Unemployment Benefits was at the time under appeal. I'm no longer receiving that income as a results of that appeal. I currently have no income.
