RE: Major Energy Services, LLC's Annual Report Filing Pursuant to 52 PA Code §62.110 - 2019  
Calendar Year

Dear Ms. Chiavetta,

Licenses are required to report an annual report to the Commission pursuant to 52 PA Code §62.110. Please find enclosed two copies of the report with confidential data expurgated and two copies of the unexpurgated report.

In accordance with established Commission procedures under 52 Pa. Code § 5.423, Major Energy Services, LLC ("Major") requests confidential treatment of its reported total revenues from the sales of natural gas and total amounts of natural gas sold. Major requests that this information be treated as confidential for it constitutes highly sensitive and confidential business information that should be maintained and treated as confidential in the Commission's files and exempt from public disclosure. This is sensitive commercial and financial trade secret information concerning Major's business, the disclosure of which would cause substantial harm to Major and disadvantage it with respect to its competitors. Public disclosure would impair Major's ability to respond competitively to opportunities in the marketplace and would place Major at a competitive disadvantage.

Please contact me if you have any questions or need any further information.

Respectfully submitted,

A handwritten signature in black ink that reads 'Martha Lopez'.
