To Whom It May Concern,

Enclosed you will find the Act 127 registration form for the natural gas pipeline system located at **Oakwood Heights Mobile Home Park** (16098 Sawmill Road Stewartstown, PA). Please accept my sincerest apologies for not previously registering this system with PUC. I was unaware of Act 127 until recently reading an article in the PA Manufactured Housing Association's newsletter. I built Oakwood Heights Mobile Home Park in the 1970s and the gas lines were installed by licensed welders in the early 1980s. Oakwood Heights is a 47-unit community with 40 units currently occupied and receiving natural gas service. I have a master meter with Columbia Gas and own the lines and meters in the community. The system was last tested on May 7, 2019 by Heath Consultants. No underground leaks were detected. No alterations or additional installations of pipe have occurred since the initial installation of the system. The meters are read monthly and I routinely inspect the system for any leaks. I truly had no idea that the system needed to be registered and I am grateful to my membership with PMHA for bringing my attention to this. I want to make this right and understand that past registration fees and penalties may be assessed. Please let me know if you need anything further to move forward with the registration. It is certainly a challenge to keep up with the changing times after being in the business for over 50 years. Thank you for any compassion that you can show under these circumstances.

Sincerely,

  
Paul K. Miller  
Owner
