With regard to FirstEnergy's response to Set I No. 1(a); would the projected IT costs reported in the response allow all FirstEnergy utility affiliates the opportunity to provide on-bill billing for non-commodity services for non-affiliated suppliers?

RESPONSE:

With regard to Metropolitan Edison Company, Pennsylvania Electric Company, Pennsylvania Power Company, and West Penn Power Company (collectively, the "Companies"), the high-level estimated costs in the Companies' Response to Interstate Gas Supply, Inc, Direct Energy Services, LLC and Shipley Choice, LLC Interrogatory Set I, No. 1(a) would allow the Companies to adopt the required IT functionality to provide on-bill billing for non-commodity services for unaffiliated third parties. This high-level estimate relates to IT functionality only. The Companies' affiliate utilities in other states have not conducted a similar analysis. Neither the Companies nor their affiliates have conducted a comprehensive cost analysis associated with this change.
