Re: Royersford Borough Wastewater System, Montgomery County, PA
Act 537 Plan

Dear Mr. Salvo,

Please be advised that to the best of my knowledge and belief, the sanitary sewer system identified in Royersford Borough's current Act 537 Sewage Facilities Plan has been completed and is in compliance with that document.

Public water service is provided by Pennsylvania American Water to the majority of wastewater customers with the exception of a small number of customers who are served by individual wells.

Sincerely,

Michael A. Leonard
