Norfolk Southern Activity No. 1284263

Proposed installation of an aerial crossing of wirelines wholly within the confines of E. Derry Road (AAR/DOT#592369S)

Dear Ms. Sheehe:

This is to acknowledge receipt of Pennsylvania PUC **Secretarial Letter A-2020-3019481** dated May 15, 2020 issued to the applicant, PPL Electric Utilities Corporation, authorizing the construction of the subject project. Your project number APP_207415.

Norfolk Southern's Risk Manager has received evidence of satisfactory General Liability and Railroad Protective Insurance from PPL Electric Utilities, valid through December 31, 2020. If your construction will occur after the expiration date noted above for your insurance, you must furnish a renewal certificate or policy to Norfolk Southern's Risk Manager prior to scheduling construction or contacting the Railway for Flagging.

Prior to start of work on Railway right of way, you are required to contact the following:

For Scheduling of Flagging and Inspection

Joe Spadone of NS's Harrisburg Division Engineer's office, (717) 541-2112

For Railway Signal Identification

Philip Kaehn, Communication and Signal General Inspector, (717) 541-2131

Once contacted, the Division Engineer requires 72 hours to review the need for and availability of flagmen for this project and will advise you of the cost of said flagmen. No work is permitted on Railway right of way without a flagman or the Division Engineer's agreement to waive the flag protection requirement. Entry onto Railway property without the Division Engineer's prior approval is considered trespassing. In the event you are unable to contact the railway for flagging services, please contact the undersigned for assistance.

Thank you for your cooperation.

Very truly yours,

Maureen O'Kane
