**RE: Leon, et al. v. Pennsylvania Water and Sewer Authority ["PWSA"]  
Docket No. C-2018-3000961**

Dear Secretary Chiavetta:

At the request of Deputy Chief Administrative Law Judge Mark A. Hoyer, we are providing the Commission with this current status report. Previous reports were provided to Judge Hoyer on October 30, 2019 and January 31, 2020.

At the present time:

- Cracks remain in the existing sewer line according to the independent contractor.
- Restoration work is incomplete and was abruptly ended by PWSA's independent contractor due to the fall season and asphalt plants closing.
- Damage caused by the independent contractor has not been addressed.
- Complainants cannot agree to a Certificate of Satisfaction until all work is complete.

We have been in communication with PWSA's counsel and have communicated all specific information on March 3, 2020, and March 30, 2020. Obviously, with the State shut down as of March 19, 2020, with offices being closed, our communications have necessarily stalled. We are hopeful that given a reasonable period of time, PWSA will work with us to resolve this matter. We would propose that no further status report be filed before mid-summer to allow ample time for the parties to work this out and successfully.

Thank you for your attention to this matter.

Sincerely,
