In regards to complaint Docket # C-2020-3019983, we are not contesting this complaint. We failed to maintain evidence of Cargo insurance with the Commission. Our Motor Truck Cargo Insurance policy was cancelled due to the carrier not having all the requested information that our Agent failed to obtain from us.

The policy was rewritten and is presently bound. We are waiting for the Carrier to complete and file the Form H. Once completed, the evidence of insurance will be filed with Pa PUC. Due to the fact that the process for this policy to be rewritten and the Form H to be completed is taking longer than expected, we are asking for an extension without penalty on the 20 day deadline.

Contact information for correspondence in regards to this matter is 856-366-0788 or email at [deb.garrison@innercityrehab.net](mailto:deb.garrison@innercityrehab.net)

Sincerely,

Ron Schlessinger
