

Pennsylvania Public Utility Commission

RE: Act 127 annual registration and sale of assets.

To: Secretary, PA PUC

Northeast Natural Energy, LLC ("NNE") previously owned conventional assets in Pennsylvania and currently owns six unconventional wells in Clarion County PA. Certain pipelines lines associated with the conventional wells were determined to be gathering lines that required the submittal of the annual regisration as per the requirements of Act 127. The wells and gathering lines were sold to Murphy Production, Inc. on March 31, 2020. The contact information for Murphy Production, Inc is:

Heather Murphy

NNE filed its annual form under docket number A-2012-2293772 indicating the 1.7 miles of regulated class 3 gathering lines now owned by Murphy Production, Inc. I was in contact with Melissa McFeaters, pipeline division of PA PUC and was instructed to send this correspondence regarding the above referenced sale. Please let me know what other information you need in order to remove the reporting requirement from NNE. Thank you in advance for your assistance. My contact address is below and my email is bloflin@nne-llc.com.
