RE: Act 127 Pennsylvania Pipeline Operator Annual Registration Form

To Whom it May Concern:

Per letter received dated August 19, 2020, it was brought to our attention by the Commission that; Alliance Petroleum Corporation, a wholly owned subsidiary of Diversified Gas & Oil Corporation (DGO) did not report .2 miles of Class II T&D lines for Fayette County that was previously reported for 2019.

Upon review of the issue, please consider this letter as a request to reject the previous Act 127 PA Pipeline Registration Form and advisement that DGO has resubmitted the Act 127 PA Pipeline Operator Annual Registration Form with the corrected mileage. The error was a simple omission based on the overall mileage comparison between the Annual Report and the Act 127 PA Pipeline Operator Annual Registration Form. Total Annual Report mileage is 49.8. The total mileage for the Act 127 PA Form is 50.0. The difference in mileage is from rounding to the nearest tenth on the Act 127 PA form. The Annual Report figures go out to the hundredth.
