**Re: Breakerbox, LLC's Electric Generation Supplier License Application – Supplemental  
Docket No. A-2020-3020316  
Utility Code: 1123208**

Dear Secretary Chiavetta:

On August 11, 2020, the Pennsylvania Public Utility Commission sent Breakerbox, LLC a letter requesting two items regarding their Application. Please see below for each item and response.

1. Reference Application, Section 7.b, **Financial Fitness** – Applicant did not provide sufficient documentation to demonstrate financial fitness. Please provide the following items:
  - i) Proof of a corporate agreement, drawdown or credit agreement between Breakerbox and its parent company Exelon Generation Company which gives Breakerbox access to funds, spelling out the amounts, terms and rates of monies available to Breakerbox.

There is not a current agreement in place between Breakerbox and its parent company Exelon Generation Company (“ExGen”) as we have not yet finalized the addition of the entity to the money pool, which would set floating interest rates and provide some terms, but would not have a fixed amount of financing. To date, the support is primarily an equity infusion along with potentially some intercompany expenses (ExGen paying expenses on behalf of Breakerbox). Breakerbox has enclosed a letter from ExGen that ExGen will maintain appropriate credit facilities for Breakerbox, LLC in Pennsylvania.

- ii) A minimum of three consecutive months of recent Bank statements for Breakerbox indicating transactions and available funds.

See enclosed bank statements.

If you have any other questions, please do not hesitate to contact me. I can be reached by phone at 978-239-5240 and by email at [craig@breakerbox.com](mailto:craig@breakerbox.com). Thank you for your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Craig Wilson". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
