II. JOINT PROTESTANTS' INTEREST IN THE APPLICATION

2. BCT holds authority from the Pennsylvania Public Utility Commission ("PaPUC" or "Commission") to transport persons as a common carrier in paratransit service between points in Bucks County and to points in the counties of Northampton, Lehigh, Montgomery and

Philadelphia, and return. As a carrier in the paratransit industry operating where We C.A.R.E. Easton holds authority from the PaPUC to transport persons as a common carrier in paratransit service between points in the borough of Norristown, Montgomery County, between points in the borough of Norristown and within an airline distance of five (5) miles of the limits of the Borough of Norristown, and in the township of Whitemarsh, Montgomery County. As a carrier in the paratransit industry operating where the Applicant proposes to offer service, Easton has a substantial interest in ensuring that the public is served by carriers that have sufficient technical expertise, financial capacity and a propensity to operate safely and legally, as required by the

Commission and applicable law. Easton currently holds PaPUC paratransit authority and operates under the following authorizations: Docket No. A-00118835/A-2014-2415540.

5. TransNet holds authority from the PaPUC to transport persons as a common carrier in paratransit service between points in Montgomery County and from points in Montgomery County to points in the counties of Chester, Delaware, Philadelphia and Bucks and return. As a carrier in the paratransit industry operating where the Applicant proposes to offer service, TransNet has a substantial interest in ensuring that the public is served by carriers that have sufficient technical expertise, financial capacity and a propensity to operate safely and legally, as required by the Commission. As a carrier in the paratransit industry operating where the Applicant proposes to offer service, Tri County has a substantial interest in ensuring that the public is served by carriers that have sufficient technical expertise, financial capacity and a propensity to operate safely and legally, as required by the Commission and applicable law. Tri County currently holds PaPUC authority and operates under the following authorizations: Docket No. A-00112826, F.2.

7. The Applicant has sought Commission authority to provide paratransit service in geographic territories that overlap with geographic areas in which the Joint Protestants currently provide paratransit service. The Applicant has requested authority for a significant service territory in the Commonwealth of Pennsylvania that encompasses the Counties of Bucks, Chester, Delaware, Montgomery and Philadelphia. As such, the Joint Protestants have a substantial interest

in the outcome of this Application proceeding that will not be addressed by any other participant.

III. GROUNDS FOR PROTEST

8. As the proponent of an order seeking the issuance of a certificate of public convenience, the Applicant carries the burden of proof. 66 Pa.C.S. § 332(a). Applicant has not made a sufficient and adequate showing that it possesses, or is likely to possess, sufficient technical and financial ability to allow the Commission to find or determine that granting a certificate of public convenience to the Applicant is necessary or proper for the service, accommodation, convenience or safety of the public pursuant to Section 1103(a) of the Public Utility Code. 66 Pa.C.S. § 1103(a). In addition, Applicant has not made a sufficient and adequate showing that it is likely to operate safely when providing common carrier service.

9. On the issue of technical fitness, the Applicant has made no showing that any of its principals or drivers possesses any prior managerial or operating experience in the transportation business. We Care has not identified any employees, including dispatchers, who will be responsible for the conduct of the business purportedly to take place throughout Pennsylvania.

10. The Applicant states that it will start with one vehicle but has not substantiated in detail if the vehicle is equipped with the medical or handicap devices appropriate to paratransit service. Further, the Applicant did not provide a statement as to why the total number of vehicles it plans to use is appropriate to provide reasonable and efficient service to the broad territory it plans to serve.

11. Applicant has failed to provide sufficient information required by the Commission's Application Verified Statement form at ¶ 4 regarding its hiring standards for drivers, its system for conducting criminal background checks, the driver training program, the system for conducting criminal background checks, and policies regarding alcohol and drug use

by drivers. The bare assertions made do not suffice to demonstrate that Applicant has appropriate policies and procedures which will be applicable to and sufficient for these requirements. Further, the Applicant has offered no support to demonstrate that individuals qualified to provide driver evaluation, training and testing are part of the business. All of these omissions indicate that Applicant lacks the technical fitness to operate as a common carrier providing paratransit service, and Applicant cannot demonstrate that it is likely to operate safely when providing service.

12. The Applicant has not demonstrated that it is sufficiently familiar with Pennsylvania Department of Transportation vehicle equipment inspection standards such that the Commission may be assured that the applicable standards are and will be met at all times when its vehicles are being operated as required by Commission regulations. 52 Pa. Code § 29.402(1). Applicant has provided insufficient information requested in the Commission's "Verified Statement of Applicant" at ¶6 regarding its vehicle safety program or its system for ensuring its vehicles will continuously comply with applicable Pennsylvania vehicle equipment standards found at 67 Pa. Code Ch. 175.

13. While the Applicant indicates it has received two insurance quotes, Applicant has not demonstrated that they are in a position to secure adequate insurance coverage for the proposed single vehicle and future vehicles the Applicant will need to purchase in order to serve the proposed service territory. Applicant has not, therefore, demonstrated it can obtain insurance and pay the required premiums as requested in the Commission's "Verified Statement of Applicant" at ¶7.

14. Applicant has failed to provide sufficient evidence of financial fitness. The Applicant indicates that they have current assets in the amount of \$2,002,520.00, but it is not clear what the assets are or if they are attached to the business. The lack of a complete financial picture relative to the proposed service leads to financial uncertainty. In addition, there is no indication

Applicant is prepared to follow generally accepted accounting principles in its record keeping, as required by the Commission. 52 Pa. Code § 29.41(a). There is no indication the business will have sufficient liquidity in the form of a line of credit, sufficient cash or other funding sources available to cover the reasonable and customary costs of operating its proposed service. The adequacy of the identified business assets cannot be evaluated and found sufficient because no business expenses have been estimated. The Applicant has provided no information in the Application indicating it has taken into account normal business expenses, such as the cost of vehicles, vehicle maintenance expense, marking of vehicles or salaries of drivers. Nor has any projection of likely income from the paratransit service business been provided.

15. Applicant has failed to provide a sufficient description of its facilities, including a description of its physical location, the office machines that will be utilized for the business and the facility to house the vehicles, as required by the Commission's Application at ¶3 of the "Verified Statement of Applicant". In addition, Applicant has failed to describe its record maintenance plan, including an explanation of its plan to maintain records required by the Commission at 52 Pa. Code § 29.111, as well as normal business records, as required by Application at ¶3 of the "Verified Statement of Applicant".

WHEREFORE, for all the foregoing reasons, the Joint Protestants respectfully request that they be granted full party status in this proceeding as Protestants and, absent a resolution of this proceeding in the next sixty (60) days, that hearings be scheduled so that the Commission may develop an evidentiary record concerning the issues raised in this Joint Protest, and that the Application of We C.A.R.E. Transportation Services LLC be denied.
