Subject: [External] Voluntary Suspension Request - Pullman Valet

To Whom It May Concern:

As a result of the mandatory Covid-19 shutdown commencing on March 16, 2020, Pullman Valet LLC had to cease all operations. All vehicles have been removed from service and insurance has been terminated. Additionally, the tags have been returned to PenDot.

At this time, we respectfully request a suspension of Certificate #: A-6422817 through March 31, 2021. Additionally, we request that Docket #: C-2020-3020553 be dismissed as a result of the requested suspension.

Should you have any questions or require additional information, please feel free to contact me. If additional forms need to be required direct with PUC, please advise and I will take action promptly.

Thank you for your anticipated cooperation in this matter.

Best wishes...

Heather Welsh
