

Steel Street Tours LLC

Docket # C-2020-3020589

3519 Southwood drive

Easton Pa,

Steel Street Tours has not been providing any services since March 15, 2020 since Covid Hit.

The two buses have been decommissioned and are in storage on a private lot located in Forks Township.

One of the busses has been sold to a private owner on June 30th who re-titled it as a station wagon.

I am unsure why I have been fined since I am not operating the business and have had no vehicles capable of transportation since before terminating my insurance.

Please advise.
