Re: Dorothy E. Debow v. The Pittsburgh Water and Sewer Authority  
Docket No. C-2020-3021037 C-2020-3021937

Dear Secretary Chiavetta:

Regarding the above referenced matter, as per your letter dated October 5, 2020, it was stated that I signed a contract releasing The Pittsburgh Water and Sewer Authority of all such claims. However, the approving private lead line replacement does not negate the fact that in the summer of 2018 your contractor (from PWSA) came to the above address without my approval, I not at home, dug up my yard and put a board to cover the hole. Several months later your contractor came back and stated, they made a mistake and dug up the gas line, instead of the water line.

Yes, I did sign for replacement of the service line which was done and complete. Prior to any work, the workman told me to take pictures before and after the work was done, which I did. During process of replacing the water line, the pole light was placed incorrectly which resulted in the top breaking off, and the evergreen bush on same side as the construction was put back up but not in the place as it was before the construction. I have since replaced the light because I did not want water to get in and damage the electrical portion of the pole light. At that time, I mentioned to the contractors the inconsistencies which are noticeable in the pictures.

**RECEIVED**

OCT 22 2020

PA PUBLIC UTILITY COMMISSION  
SECRETARY'S BUREAU

Yes, I do want my yard repaired in the same condition it was before the new water line was installed.

Sincerely,

Dorothy E. Debow
