Re: Public Utility Service Termination Proclamation of Disaster Emergency Docket No.
M-2020-3019244

Dear Chairman Brown Dutrieuille:

I am writing to urge the Public Utility Commission to protect vulnerable Pennsylvanians by extending the current moratorium on utility shut offs beyond the upcoming deadline of March 31, 2021.

The pandemic has had devastating consequences on the health and economic stability for too many Pennsylvanians. Access to heat, electricity, and water are crucial and we must maintain these services for Pennsylvanians during the current public health and economic crises.

Signed,

Emma Horst-Martz
