Dear James Rosan:

We are pleased that Hercules Energy, LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Hercules Energy, LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Hercules Energy, LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Hercules Energy, LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Hercules Energy, LLC changes in the future, Columbia Gas might deem it appropriate to require Hercules Energy, LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4980 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

Dear James,

National Fuel Gas Distribution Corporation (“NFGDC”) is aware Hercules Energy, LLC (HEL) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, HEL must furnish acceptable security to each utility where HEL will do business. As such, under its tariff, NFGDC could require HEL to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC’s understanding that HEL intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, HEL will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, BBL does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by HEL change in the future, NFGDC reserves the right to require security from HEL as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

Yours truly,

Energy Acquisition is providing this notification letter that Hercules Energy, LLC has met the creditworthiness business requirement involved with the Pennsylvania Gas Choice - Low Volume Transportation program. The Surety amount that would be requested for participation as a Supplier would be \$35,000 and may be submitted to PECO via three acceptable forms; a Cash Deposit, a Letter of Credit, or a Surety bond. PECO will hold any surety to cover potential obligations to PECO and other system costs that could result from failure of a Supplier to meet its competitive Natural Gas Supply service delivery obligations.

There is no Surety obligation for participation as a Broker in the PECO territory.

Please note, although the creditworthiness requirements were met, as referenced within Section 7.13 (Creditworthiness of a Natural Gas Supplier (NGS) Serving Low Volume Transportation Customers) of the Gas Service Tariff, PECO has the right to re-assess the creditworthiness of the company if PECO has any reason to suspect a change in the marketer's financial condition.

Dear Mr. Rosan:

We are pleased that Hercules Energy, LLC has applied for a license to provide natural gas services on the Peoples Group of Companies. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Company LLC, and Peoples Gas Company LLC (formerly Peoples TWP) ("the Companies").

Since Hercules Energy, LLC is not currently serving customers on the Peoples systems, we have determined at this time that Hercules Energy, LLC does not need a bond or other financial security requirement to provide these services to the Company's customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company's exposure to Hercules Energy, LLC provision of services on the Peoples' system changes in the future, the Companies may deem it appropriate to require a bond or other financial instrument.

If you have any questions feel free to contact me at 412-208-6931 or by email at Carol.Scanlon@peoples-gas.com.

RE: Security Requirement Bond for Hercules Energy, LLC

Dear Mr. Rosan

Philadelphia Gas Works ("PGW") is aware that Hercules Energy, LLC has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Hercules Energy, LLC must furnish acceptable security to each utility where Hercules Energy, LLC will do business. As such, under its tariff, Philadelphia Gas Works could require Hercules Energy, LLC to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that Hercules Energy, LLC intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services Hercules Energy, LLC will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, Hercules Energy, LLC does not need to post a bond or other form of security to operate in its service territory. If the services provided by Hercules Energy, LLC should change, Philadelphia Gas Works reserves the right to require security from Gasearch, LLC as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6725.

Sincerely,

**RE: Hercules Energy, LLC
Application to Serve as a Natural Gas Broker**

Dear Mr. Rosan,

Based on your assertion that Hercules Energy, LLC (“Hercules Energy”) is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc.-Gas Division (“UGIU”) has concluded that Hercules Energy will not need to post security with UGIU. This is based on the declaration that Hercules Energy will be acting in conjunction with a licensed natural gas supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the UGIU Tariff. If Hercules Energy wishes to directly serve Choice customers in the service territories of UGIU in the future as a natural gas supplier, it will have to post security as specified in the UGIU Tariff prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.
