Re: All Choice Energy, LLC  
ESCO Code: ALLC

Dear Ms. Polke:

Thank you for submitting your Retail Access Application Package to become an Energy Services Company (ESCO) serving residential and non-residential natural gas customers in New York State. This letter is to inform you that documentation submitted in your application package has been reviewed by Staff and established to be in compliance with the New York State Public Service Commission's ESCO eligibility requirements that are implemented by codes and regulations found in the Uniform Business Practices (UBP), the Home Energy Fair Practices Act (HEFPA) and other applicable regulations.

I am also pleased to notify you that your company has successfully met the Commission's electronic data interchange (EDI) phase I certification requirements for all utility rate ready and utility bill ready retailer transactions effective August 17, 2017. All requirements for this initial state of your eligibility determination has been satisfied.

Please be advised that you may now continue with the utility approval stage of the eligibility process by contacting those companies in whose service territories you intend to participate. The utility stage normally consists of a creditworthiness determination, completion of EDI Phase III Testing and the execution of any operating or billing service agreements. Each utility's eligibility requirements pertain to only their retail access programs.

Once you have satisfactorily completed the utility eligibility stage, Staff will be notified by the utility of your success. Please notify Staff of the actual production date in the utility service territories you intend to enroll customers. At that point Staff will confirm your final eligibility requirements have been satisfied.

Before you begin marketing to, and enrolling residential customers, you must post rates to the New York Power to Choose website: <http://www.newyorkpowertochoose.com>. The UBP Section 2.D.4.d. requires that all ESCOs actively marketing to residential customers post offers with the Department on a monthly basis. Please visit the following link to register for an ESCO rates filer account: <http://www.dps.ny.gov/e-file/registration.html>. We will only post your company's contact information on our website once you have completed the eligibility process and are ready to begin enrolling customers.

Be advised, that to maintain your ESCO eligibility, you must notify Staff of any substantive legal, financial or business related changes to your company as they occur. If your business plan changes and you decide to expand your service offerings, you must immediately submit the appropriate documentation for Staff review and determination of how it affects your current eligibility (UBP Section 2.D.4). Also, if you decide to withdrawal your eligibility, an official letter should be sent to the Department.

In addition, please fully review the UBP Section 2, Eligibility Requirements. ESCOs are required to provide a list of entities, including contractors and sub-contractors, that will market to customers on behalf of the ESCO (UBP Section 2.B.1.n.). ESCOs are required to submit by January 31 of each year a statement that the information and attachments filed in its Retail Access Application Form are current; or provide the revisions to the application to Staff (UBP Section 2.D.1.a. and 2.D.1.b.). ESCOs shall file with the Secretary historic pricing data for residential customers served (UBP Section 2.D.3). **Every eligible ESCO must comply with all rules and regulations with the UBP.** The UBP can be viewed on our website at the following link: <http://www3.dps.ny.gov/W/PSCWeb.nsf/All/8DD2B96E91D7447E85257687006F3922?OpenDocument>.
