

April 11, 2021

Dear Secretary Chiavetta:

As fifty-year residents and owners of a property across the street from, and within one hundred feet of, the proposed PECO Gas Expansion Plant/Reliability Station at the corner of Sproul and Cedar Grove Roads, we strongly object to the location selected for this project. The station presents a possible danger to our property and to our residential and commercial neighbors, as well as to Russell Elementary School, about two blocks away. In addition to potential adverse effects upon the health of all in this community, there is also concern about the possibility of heat and odor emission from the plant. Another major issue involves nearby property values, which were recently assessed, resulting in a hefty tax increase. This project will likely cause nearby property values to plummet. We would feel much more comfortable with the situation if the representatives of PECO, themselves, lived close to this site -- but we know that is not going to happen.

This project should not be permitted to go forward.

Thank you for your time and consideration.

/s/
