**Re: Utility Agreement dated March 23, 2021 between Pennsylvania-American Water Company and the Commonwealth of Pennsylvania – Department of General Services Project No. DGS 973-7 Phase 1 Daniel Boone Homestead – Site Improvements**

**Docket No. M-2021-3025214**

Dear Secretary Chiavetta:

On April 13, 2021, Pennsylvania-American Water Company (“PAWC”), filed the above-referenced agreement pursuant to Section H.7 of its wastewater tariff which states:

7. Offsite Development Marketing Contracts: Where it is prudent, reasonable and in the public interest, the Company may, at its option enter into offsite development marketing contracts which depart from the standard terms of the “Sewer Main Extension Agreement” or “Sewer Main Extension Deposit Agreement”. These marketing agreements shall become effective 30 days after the Company has filed a copy thereof with the Pennsylvania Public Utility Commission, or in the event that the Commission institutes an investigation, at such time as the Commission grants its approval thereof.

It has been more than 30 days since the filing of this agreement with no investigation being instituted. Thus, pursuant to PAWC's Commission-approved wastewater tariff, PAWC considers this agreement to be effective.

Sincerely,

A handwritten signature in blue ink that reads "Elizabeth Rose Triscari". The signature is written in a cursive style.
