The Company undertakes to furnish telecommunication services in connection with one-way and/or two-way information transmission between points within the Commonwealth of Pennsylvania under the terms of this tariff.

Customers may use services and facilities provided under this tariff to obtain access to services offered by other service providers. The Company is responsible under this tariff only for the services and facilities provided herein, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own Customers.

2.1.2 Shortage of Equipment or Facilities

2.1.2.1 The Company reserves the right to limit or allocate the use of existing facilities, or additional facilities offered by the Company when necessary because of lack of facilities or due to some other cause beyond the Company's control.

2.1.2.2 The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's fiber optic cable facilities as well as facilities the Company may obtain from other carriers, from time to time, to furnish service as required at the sole discretion of the Company.

Unless otherwise specified herein, for the purpose of computing charges in this tariff, a month is considered to have 30 days. All calculations of dates set forth in this tariff shall be based on calendar days, unless otherwise specified herein.

Customer shall reimburse the Company, upon demand, for any costs incurred by the Company due to Customer's failure to comply with this provision.

Because the Customer has exclusive control of its communications over the services furnished by the Company, and because interruptions and errors to these services are unavoidable, the services the Company furnishes are subject to the terms, conditions, and limitations specified in this tariff and to such particular terms, conditions, and limitations as set forth in the special regulations applicable to the particular services and facilities furnished under this tariff.

2.1.4.1 In the event of an interruption to the service, which is not due to the negligence or willful act of the customer, there will be allowed a pro rata adjustment of the monthly guarantee, and of any fixed monthly charges involved, for the service and facilities rendered useless and inoperative by reason of the interruption, excess of twenty-four hours from the time it is reported to the Company or detected by the company. 2.5.4 Advanced Payments

To safeguard its interests, the Company may require a Customer (Business or Residential) to make an Advance Payment before services and facilities are furnished. The Advance Payment will not exceed an amount equal to the Non-recurring Charge(s) and three month's charges for the service or facility. In addition, where special construction is involved, the Advance Payment may also Include an amount equal to the estimated Non-recurring Charge(s) for the special construction and Recurring Charges (if any) for a period to be set between the Company and the Customer. The Advance Payment will be credited to the Customer's bill. An Advance Payment may be required in addition to a deposit.

2.5.5.1.1 ***For new applicants with minimum payment periods of one month.*** The estimated average 2-month bill for basic service plus the average 2-month toll charges for existing residential customers in the applicant's exchange during the immediately preceding 12-month period. Deposits may be adjusted to maintain a level equal to the average 2-month bill. The deposit shall be paid within 20 days of the request for deposit; or

2.5.5.1.3 ***For customers with minimum payment periods of more than one month.*** The charges that would apply for the minimum payment period for a service or facility. In addition, the Company shall be entitled to require such an applicant or Customer to pay all its bills within a specified period of time, and to make such payment in cash or the equivalent of cash. At the Company's option, such deposit may be refunded to the Customer's account at any time.

2.5.5.2 Also, the Company reserves the right to cease accepting and processing Service Orders after it has requested a security deposit and prior to the Customer's compliance with this request.

2.5.5.3 A deposit may be required in addition to an Advance Payment. For residential service, Advance Payments would cover the construction of facilities and furnishing of special equipment and or temporary service for short-term use.

2.5.5 Deposits (Cont'd)

2.5.5.4 When a service or facility is discontinued, the amount of a deposit, if any, will be applied to the Customer's account and any credit balance remaining will be refunded. Before the service or facility is discontinued, the Company may, as its option, return the deposit or credit it to the Customer's account, provided the customer has satisfied the requirements under 52 PA Code, Chapter 37. In this case, the customer may elect to have the deposit applied to reduce bills for telephone service instead of a cash refund.

2.5.5.5 Deposits held will accrue interest pursuant to 52 PA Code § 64.41. The rate is 6.0% annually without deduction for any taxes on such deposits.

2.5.6 Suspension or Discontinuance of Service

2.5.6.1 The Company may suspend the furnishing of any and/or all services to a Customer with at least 7 days written notice for any of the following reasons in accordance with 52 PA Code, Chapter 64.61, without incurring any liability:

2.5.6.1.3 Unreasonable refusal to permit access to service connections, equipment and other property of the LEC for maintenance or repair; or

2.5 Payment Arrangements (Cont'd)

2.5.6 Suspension or Discontinuance of Service (Cont'd)

2.5.6.3 The Company may discontinue the furnishing of any and/or all services to a Customer, without incurring any liability, when at least 10 days have passed since the suspension of service and the Customer has failed to pay a reconnection fee and to remedy the original reasons for suspension, as covered in Sections 2.5.6.1 and 2.5.6.2, due to any of the following reasons:

2.5.6.3.1 Failure to make satisfactory arrangements to pay arrearages; or

2.5.6.3.2 Failure to post a deposit or otherwise establish credit; or

2.5.6.3.3 Failure to meet the requirements of a payment agreement; or

2.5.6.3.4 Failure to give adequate assurances that an unauthorized use or practice will cease.

2.5.6.4 The suspension or discontinuance of service(s) by the Company pursuant to this Section does not relieve the Customer of any obligation to pay the Company for charges due and owing for service(s) furnished during the time of or up to suspension or discontinuance.

2.5.6.5 Upon the Company's discontinuance of service to the Customer under Section 2.5.6.3, all applicable charges shall become due. This is in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this tariff.

2.6 Allowance for Interruptions of Service

2.6.1 Credit for Interruptions

When the use of service or facilities furnished by the Company is interrupted due to any cause other than the negligence or willful act of the Customer, or the operation or failure of the facilities or equipment provided by the Customer, a pro rata adjustment of the monthly Recurring Charges subject to interruption will be allowed for the service and facilities rendered useless and inoperative by reason of the interruption whenever said interruption continues for a period of 24 hours or more from the time it is reported to, or known to exist by the Company, except as otherwise specified in the Company's tariffs. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.

For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the monthly Recurring Charges specified hereunder for Local Line or Local Trunk Service and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit. Credit allowances for service outages that exceed 24 hours in duration will be rounded up to the next whole 24 hours.

The following schedule of allowances shall apply, except for conditions defined in Section 2.6.2:

- (a) 1/30 of the tariff monthly rate of all services and facilities furnished by the Company rendered inoperative by the company to the extent of being useless for each of the first three (3) full 24 hour periods during which the interruption continues after notice by the customer to the Company if the out-of-service extends beyond a minimum period of 24 hours.
- (b) 2/30 of each full 24 hour period beyond the first three 24 hour periods. However, in no instance shall the allowance for the out-of-service period exceed the total charges in a billing period for the service and facilities furnished by the Company rendered inoperative to the extent of being useless.
- (c) interruptions of service for a period of at least 24 hours due to such factors as storms, fires, floods, or other circumstances or causes beyond the control of the Company, an allowance of 1/30 of the tariff monthly rate for all services and facilities furnished by the company rendered inoperative to the extent of being useless shall apply for each full 24 hours during which the interruption continues after notice by the customer to the Company.

2. Regulations (Cont'd)

2.6 Allowance for Interruptions of Service (Cont'd)

2.6.2 Limitations on Allowances

The allowances described in Section 2.6.1 are not applicable when service is interrupted by the negligence or willful act of the customer to service or where the company, under the terms of the contract for service, suspends or terminates service for nonpayment of charges, or for unlawful or improper use of the facilities or service, or for another reason provided for in the filed and effective tariff.

2.6.3 Use of Alternative Service Provided by the Company

Should the Customer elect to use an alternative service provided by the Company during the period that a service is interrupted, the Customer must pay the tariffed rates and charges for the alternative service used.

2.7.1.2 Where, prior to cancellation by the Customer, the Company Incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have Incurred, a charge equal to the costs the Company Incurred, less salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of service ordered, including installation charges, and all charges others levy against the Company that would have been chargeable to the Customer had service begun.

2.7.1.3 The special charges described in Sections 2.7.1.1 and 2.7.1.2 will be calculated and applied on a case-by-case basis.

2. Regulations (Cont'd)

2.7 Cancellation of Service (Cont'd)

2.7.2 Cancellation of Service by the Customer

If a Customer cancels a Service Order or terminates services before the completion of the term for any reason whatsoever other than a service interruption (as defined in Section 2.6.1 above), Customer agrees to pay to Company the following sums, which shall become due and owing as of the effective date of the cancellation or termination, and be payable with the period set forth in Section 2.5.2, all costs, fees and expenses reasonably Incurred in connection with:

- (1) All Non-recurring Charges reasonably expended by Company to establish service to Customer, plus
- (2) any disconnection, early cancellation or termination charges reasonably Incurred and paid to third parties by Company on behalf of Customer, plus
- (3) all Recurring Charges specified in the applicable Service Order tariff for the balance of the then current term.

2.8 Transfer and Assignments

2.9 Notices and Communications

3.1 Local Exchange Service (Cont'd)

3.1.2 Local Service

Local Service provides the customer with an access line and unlimited usage within a local calling area for the transmission of two-way interactive switched voice or data communications. Local Calling Areas are described in Section 3.1.1 of this tariff. Included at no additional charge are Touchtone, Call Waiting, Caller ID, Caller ID Blocking, Call Return, Call Forwarding, Three-Way Calling, Speed Dialing, Distinctive Ringing, and Toll Presubscription.

The Company's services are furnished subject to the availability of facilities and equipment and are subject to the terms and conditions of this tariff.

Local Service is offered as a stand-alone local offering and is available on a month to month basis. All stand-alone Local Line customers will be charged the recurring charges set forth in Sections 3.1.5 A through C herein.

Additionally, Local Line Customer will be charged all other applicable Non-Recurring Charges, monthly Recurring Charges, Message Charges, and Optional Services in Sections 3.1.4, 3.1.5 herein.

3.1.3 Caller ID Blocking

A calling party may block the passage of his/her telephone number, associated main listed name and voiceback of calling identification information to users or subscribers to Optional Central Office Services which utilize Signaling System 7 (SS7) technology. Blocking will also prevent call completion through the use of Return Call (*69) Service. Customers have two blocking options as follows:

3.1.3.1 Per-Call Blocking - To activate per-call blocking, a customer dials a special code prior to placing a call. Blocking will be activated for that outgoing call only. There is no charge for using per-call blocking, and it is provided on an unlimited basis. Per-call blocking is available to all customers in the Company's serving territory, or

3.1.3 Caller ID Blocking (Cont'd)

3.1.3.2 Per-Line Blocking - Per-Line Blocking must be added to a customer's line by contacting the Company's business office and having a service order issued. All calls are automatically blocked when a customer subscribes to Per-Line Blocking unless the blocking feature is deactivated. If a customer subscribes to Per-Line Blocking, he/she can deactivate blocking by dialing a special code prior to placing a call. Blocking will be deactivated for that outgoing call only. As facilities permit, a Per-Line Blocking customer will be provided with a separate code to deactivate blocking, which is different from the per call blocking code. Where this separate code is not available, the code for per-call blocking and the code to deactivate Per-Line Blocking will be the same. Per-Line Blocking is available to all customers in the Company's serving territory. Per-Line Blocking is provided without charge, except as discussed below. Per-Line Blocking will be available to all customers, free of charge, in the Company's serving area and can only be added or removed from a customer's line by placing a service order with the Company. Initial requests for Per-Line Blocking will be provided at no charge. Subsequent requests for Per-Line Blocking for the same customer and telephone number at the same address may be charged the applicable non-recurring charge(s). This non-recurring charge will be waived for customers of the Company who are victims of domestic violence, the staffs of domestic violence programs and agencies, and emergency services personnel, while performing their jobs.

3.1.3.3 Customers who use either per-call blocking or line blocking may be unable to complete calls to Caller ID subscribers who have activated the Anonymous Call Rejection feature (ACR) of Caller ID services. If a customer using blocking calls a Caller ID subscriber who has activated Anonymous Call Rejection, he/she will hear an announcement that the Caller ID subscriber is not accepting blocked calls. There are several ways to complete a call to a Caller ID subscriber who has activated Anonymous Call Rejection: (1) place the call through an operator; (2) place the call on the Company's network using a telephone calling card; or (3) place the call without blocking. Options (1) and (2) involve charges in addition to the cost of the call. However, the live operator surcharge will be waived for the Company's customers who are victims of domestic violence, the staffs of domestic violence program agencies and emergency service personnel, while in the performance of their jobs. If the operator surcharge cannot be waived when the call is being placed, the Company will, upon notification, credit the live

Furthermore, should alternative methods become available in the future which permit the aforementioned to access the ACR party without revealing the caller's telephone number, the Company will waive any additional charges associated with such alternative methods. Blocked calls routed to the Anonymous Call Rejection (ACR) announcement will not be rated as completed calls.

3.1.3.4 Caller ID blocking will not prevent the delivery of telephone numbers to 911 emergency service providers. Caller ID blocking currently will not work for callers who place calls to 8xx, 900, and/or other information and message services carrying a specific charge billed to a caller by a local telephone company.

3.5 Pennsylvania Telecommunications Relay Service (TRS)

3.5.1 General

The Pennsylvania Telecommunications Relay Service (PA TRS) is a relay telecommunication service for the deaf, hard of hearing, hearing and/or speech disabled population of the Commonwealth. The PA TRS is mandated by the Americans with Disabilities Act of 1990 to provide functionally equivalent telephone services that are available to other U.S. citizens, at no additional cost. The PA TRS includes both traditional relay (devices such as Teletypewriters (TTY) and Telecommunication Devices for the Deaf (TDD)) and captioned-telephone voice-carry-over relay services (captioned telephone). These relay services permit telephone communications between individuals with hearing and/or speech disabilities, who must use a TTY, TDD or captioned telephone, with individuals having normal hearing and speech. Additionally, 711 abbreviated dialing is available to access the PA TRS. The Company's switching equipment is arranged to translate the "711" calls to the assigned toll-free number, (888) 895-1197, in order to route calls to the Telecommunications Relay Service Provider, in accordance with Commission's Order entered on February 4, 2000 at Docket No. M-00900239.

3.5.2 Surcharge

3.5.2.1 In addition to the charges provided in this tariff, a surcharge will apply to all residence and business access lines served by this Company. (Access lines are those lines extending from the telephone company's central office to the end-user's premises.) This surcharge applies regardless of whether or not the access line uses the PA TRS.

3.5.2.2 The surcharge serves as the funding vehicle for the operation of the PA TRS, Telecommunications Device Distribution Program and the Print Media Access Service Program and shall be calculated by the Pennsylvania Public Utility Commission (the Commission). The Commission shall compute the PA TRS surcharge each year and notify local exchange carriers of the surcharge amount to be applied for the twelve-month period commencing with July 1 of each year.

3.5.2.3 The Commission may revise the surcharge more frequently than annually at its discretion.
