Dear Richard,

National Fuel Gas Distribution Corporation (“NFGDC”) is aware Energy Price Management Group, LLC (EPMG) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, EPMG must furnish acceptable security to each utility where EPMG will do business. As such, under its tariff, NFGDC could require EPMG to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC’s understanding that EGE intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, EPMG will never take title to any delivered natural gas, nor will it accept any customer payments or deposits.

Based upon your representations, NFGDC has determined that, at this time, EPMG does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by EPMG change in the future, NFGDC reserves the right to require security from EPMG as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

Re: Broker Requirements

Dear Excelsior Gas and Electric LLC:

PECO is aware that Excelsior Gas and Electric LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Excelsior Gas and Electric LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Excelsior Gas and Electric LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers, and will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that Excelsior Gas and Electric LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Excelsior Gas and Electric LLC the creditworthiness requirement for PECO's exposure to Excelsior Gas and Electric LLC changes in the future, PECO reserves the right to require Excelsior Gas and Electric LLC to provide a bond or other financial security instrument.

**RE: Energy Price Management Group, LLC
Application to Serve as a Natural Gas Broker**

Dear Mr. Tutela,

Based on your assertion that Energy Price Management Group, LLC (“Energy Price”) is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc.-Gas Division (“UGIU”) has concluded that Energy Price will not need to post security with UGIU. This is based on the declaration that Energy Price will be acting in conjunction with a licensed natural gas supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the UGIU Tariff. If Energy Price wishes to directly serve Choice customers in the service territories of UGIU in the future as a natural gas supplier, it will have to post security as specified in the UGIU Tariff prior to the commencement of the service.
