 Budget 2020

MAYOR MICHAEL HELFRICH

WWW.YORKCITY.ORG

An exceptional government is one that provides for the safety, services and infrastructure needed for its constituents and commercial enterprises to thrive. To accommodate these needs government must raise the funds necessary for these provisions. The York City government continues to attempt to furnish the maximum amount of quality services for the minimum burden of taxes. The following pages provide the Administration's best effort to continue to provide these services that come at ever-increasing costs, without increasing the cost to our taxpayers. As Mayor of the City of York, and in accordance with Article XVIII, Sections 1801 to 1811.2 of the Third Class City Code and Optional Third Class City Charter Law, I submit the City of York's proposed budget for calendar year 2020.

I want to thank the Budget Team, Directors, Council Members, and all employees involved in the long hours preparing this difficult budget. We saw great improvements and cooperation in the budget-making process this year. I personally appreciate the teamwork shown by our Directors, City Staff, and Council Members.

The total budget for the year 2020 is approximately $\$ 110.5$ million, with a General Fund budget of $\$ 49.6$ million. The difference between the 2019 General Fund budget of $\$ 49.1$ million and the 2020 budget of $\$ 49.6$ million is substantially caused by health care and insurance allocation increases, and by an unexpected increase in pension allocations. This year's most surprising obstacle to a balanced budget was a $\$ 2$ million increase in pension costs due to a previously used formula for pension payments. In addition, we face a three-year growth in health care and insurance expenses of approximately $\$ 5$ million. Over the last two decades our services and number of employees have been cut to the bone. There is little more to do to reduce the expense side. The larger increase in revenue needed to pay these expenses was offset by use of savings, which will be explained later.

As with most Third Class Cities in the Commonwealth of Pennsylvania, our employee pension and insurance/health care liabilities are rising at a rate far greater than our ability to raise the total property values of our city. Taxes on properties are the main revenue source for paying the daily expenses of employee salaries, benefits and pensions. The unfortunate truth is
that the value of taxable property in York City has actually gone down since the last assessment in 2006 from $\$ 997$ million to $\$ 994$ million, or $0.3 \%$. During this same period the annual General Fund expenses for running the city, including the pension and health care costs have grown from $\$ 31.4$ million to $\$ 49.6$ million. So, costs have increased by nearly $60 \%$ while the main source of tax revenue has gone down. This is a systemic problem that we will be addressing with our State government this coming year. This system is broken. It has been broken for a long time. We have formed a great team of state legislators, community members, and economic experts to address the systemic failures, and have already started working on the 2021 budget and we look forward to working with our representatives in Harrisburg to find systemic solutions.

I do bring some good news. Last year we were able to come in under budget by over $\$ 2$ million. That means we did not have to spend out of our savings, or Fund Balance, as was expected. However, the only way that we have found to pass a budget this year without increasing taxes and fees is to go to that Fund Balance well again. We are suggesting to Council that we use approximately $\$ 6$ million in existing Fund Balances to cover one more year's expenses. This cannot be done again next year as we face another $\$ 3$ million increase in pension obligations and continue to face these increased health and insurance costs.

Again this year, we find ourselves fighting for one more year. We have been working on over $\$ 250$ million in development projects to add to our potential for revenue, but the fruits of these efforts come slowly. We continue to be open to suggestions by City Council and others as to how we may improve this budget.

Working to improve York City for all,

## 2020 BUDGET

## EXECUTIVE SUMMARY

## Introduction

It is my honor to present the proposed 2020 budget for the City of York, Pennsylvania. The challenge of providing effective public safety and quality of life services at a price point that is fair to our residents is a battle of fiscal imbalance that plagues many land locked inner-city municipal governments. The proposed budget does not raise real estate taxes, sewer, refuse or permit fees. In order to keep the revenue increases as low as possible, sacrifices had to be made to keep expenses in line with expected revenue.

As we have been predicting publicly for several years a number of factors have combined to make 2020 the end of the line for any quick fixes or financial gimmicks to balance the City of York's budget. The situation is further exacerbated by contractual requirements that limit flexibility in where these cuts can be made. A stagnant and often declining tax base cannot provide enough funding to fight a regional crime problem, take care of the oldest infrastructure in the county, and pay health care and pensions benefits to active employees and retirees, respectively.

## The Budget Process

The 2020 budget process began in February 2019 with the Budget Team developing the 2020 Budget timeline and series of training sessions for Department Directors and Bureau Managers/Supervisors. The directors and/or their appointed designees were provided an excel spreadsheet, request for new positions and request for new account excel spreadsheets to assist with the development of the departmental budgets. Budget requests were due on July 31 , 2019 . This information was entered into the financial management system during the month of July. During the months of August, September, and October the Budget team met with department directors and their appointed designees to review the original budget requests and made revisions to the draft budget. The draft budget was submitted to the Mayor and City Council on November 05, 2019. The Mayor and City Council agreed to hold combined public hearings beginning November 12, 2019 through November 14, 2019. The public hearings are designed to give each department the opportunity to present the case for their budgets and to explain to the Mayor, City Council and the public at large any large variances in comparison to the 2020 draft budget and/or historical trends. The cumulative effect of the budgets presented by each department left a 2020 shortfall of $\$ 5,594,167$. In order to close the gap, the decision was made to use the prior year ending fund balances to balance the 2020 Budget. The administration, as in 2018 , decided to reduce the Internal Fund allocations by $\$ 2,500,000$ to help offset the original shortfall in the other funds. The Request Amount by Fund page in the budget show the respective 2020 over/under balances and the amount of the prior year's fund balance used to balance the respective funds.

This budget makes it painfully clear the City is facing a financial crisis that it must address. The City can no longer rely on the use of a prior year's fund balance to provide a balanced budget each year. Simply put, the City cannot continue to "rob Peter to pay Paul."

## History

Because the City is the county seat and the urban hub of the metropolitan area it has more than its fair share of tax-exempt properties. The tax-exempt properties equal $37.99 \%$ of the real estate value in the City. ${ }^{1}$ The tax-exempt real estate consists of post-secondary schools, county, state and federal government buildings, a hospital, churches, social service agencies, non-school educational venues and charities, etc. Moreover, the agencies that occupy the tax-exempt real estate serve large populations who do not live in the City. Every non-city resident who attends college, receives health care, uses state and county government services, attends religious services, receives social services, enjoys entertainment at certain venues, or receives charitable assistance has that service subsidized by the tax paying residents of the City of York. If York were able to levy a tax on these entities, it would have generated an additional $\$ 11$ million in revenue in 2019. With over a third of the real estate tax base being exempt from tax collections, city residents and businesses alike pay a disproportionate share of taxation comparable to most third class Pennsylvania cities.

## State of the City

Due to its relatively high level of unfunded pension liabilities, Pennsylvania categorizes the City's pension plans as "moderately distressed". The City implemented a "special earned income distressed pension tax" of $0.25 \%$ in 2015. According to a State Auditor General May 2019 Compliance Audit: City of York Pension Trust Fund for the Period from January 01, 2016 through December 31, 2017, it was determined the City's pension funding ratio was $59.2 \%$. In addition, the audit report found the City had misapplied the "special earned income distressed pension tax" for fiscal years 2016 and 2017. This resulted in an unfunded liability totaling $\$ 3,712,842$. The City, through the Mayor, was able to negotiate a $100 \%$ forgiveness for paying this additional amount which also included the years 2018 and 2019. This special tax is to be in addition to the City's normal annual Minimum Municipal Obligation payments. The 2020 additional payment towards the City's unfunded pension liability is $\$ 2,079,651$.

On July 31, 2019 S\&P Global Ratings affirmed the City's bond rating of 'A-' long-term rating on the City's existing general obligation (GO) debt and the York City Sewer Authority's series 2017 guaranteed sewer revenue bonds and removed the ratings from CreditWatch negative. However, the July 31, 2019, bond rating report, S\&P placed a negative financial outlook on the City finding that:

- "The revised outlook reflects our opinion that the city will face major budgetary pressures as its pension costs are expected to materially increase for fiscal 2021, which could negatively affect its budgetary performance, flexibility, and possibly its liquidity profile.
- The city will need to make adjustments for its upcoming fiscal 2020 budget to avoid adopting a larger deficit budget than in fiscal 2019."
- [The city] has a material portion of properties that are tax exempt and with stagnant assessed value growth it has made it difficult to keep up with rising costs as the residents that remain behind are left with a higher tax burden. In particular, the city's rising pension costs as well as health care costs have put pressure on the city's general fund performance and is projected to increase materially by 2021 ."
- We consider York's economy weak...The city has a projected per capita effective buying rate of $51.5 \%$ of the national level and a low per capita market value of $\$ 26,096$ in 2017, which, in our view, indicates a limited tax base supporting the debt and is a negative credit factor."

The continuing trend is for costs to increase, and for revenue to remain steady, as impacted by local trends and the physical and legal conditions that prevail in Pennsylvania. The challenge is to find a way to make an antiquated revenue generating system yield adequate revenue to pay rising costs without further impoverishing the local population while, at the same time, struggling to wring every penny of savings from the City's expenditure obligations. care, public safety pensions, the Act 111 labor relations process, and the antiquated and inadequate methods by which revenue is raised to pay for municipal services continue to work together to challenge the City officials' creativity in balancing revenue and expenditures.

The Mayor and City Council jointly decided to enter into a Billing and Collection agreement with the York Water Company beginning in spring of 2020. This arrangement will provide the City with a more reliable billing system for its sewer and refuse customers. In addition, the billing and collection arrangement will better assess late fees and begin the water shut-off process sooner.

## 2020 Prospective

The current staffing levels and spending will not bode well for the city without tax and pension reform at the State level. The proposed 2020 budget does include eight (8) new full-time positions and five (5) part-time positions (see Table 1). These new positions have been added to improve internal and external customer service. The Health Bureau positions are grant funded. The Laborer position is a transfer position from the Highway Bureau and its costs will be reimbursed by the General Authority. The I.T. Camera System Technician position will be used to catalogue dash cam and body worn cam videos along with assisting the Department's full-time Senior I.T. Technician. This position will free up a Police Officer position to perform the duties of an Officer rather than administrative and technical tasks.

Table 1. 2020 Budget: New Positions
A major unknown factor for 2020 is the pending police arbitration award. In 2020 the Bureau of Permits, Planning and Zoning will begin the process of transferring tenant occupied inspection duties from a third-party inspection agency. In addition, the Department of Fire and Rescue Services will explore making application for a Staffing for Adequate Fire \& Emergency Response Grant (SAFER). This grant will be used to offset the costs associated with adding four (4) Fire Fighter positions, which will help reduce the amount of overtime paid by the Department. The Department added seven (7) Fire Fighter positions in 2019 which helped to reduce $\$ 1.2$ million in 2018 overtime costs by fifty per cent ( $50 \%$ ). The addition of four (4) more Fire Fighter positions could cause another sizable reduction in the Department's overtime costs.

## Conclusion

The City must take proactive steps to improve its financial health and put in place the structure necessary for future economic and human capital growth. While the financial challenges are great, the City is fortunate to have a community of business leaders and a strong community foundation who see the incredible potential of the City if its financial challenges can be conquered. These disparate groups agree on the need to dramatically reduce, not just stabilize, city real estate tax rates - both school district and municipal. Until this done, the success of the core urban center will continue to be limited.

Notwithstanding the financial challenges that the City faces, citizens can be assured that we will continually look for ways to improvise, improve and innovate. It is our vision that the City of York shall be a thriving urban community in which every person is welcome to be safe, successful and happy. We will not be ashamed to copy good practices from others nor will we fear trying new things of our own devising. The protection and improvement of the health, safety and welfare of the community is our reason for being.

Respectfully submitted,

## FINDING YOUR WAY AROUND THE BUDGET BOOK

A municipal budget is a financial operations plan that is a prospective. It is a plan for future action and an estimate and allocation of future resources to fund those future actions. The budget contains a large volume of information and can be difficult to navigate. Below is a guide to help you understand this document.

The Introduction contains a message from the Mayor along with general information about the City of York.

In the Summary section you will find the highlights of the previous year and the highlights anticipated for the coming year. Charts and graphs give a quick and easy way to view the revenue and expenditures expected in 2020.

The City is organized in six categories/ departments. A description of the department is found at the beginning of each section. Detail to support the numbers found in the Summary section will be found in the Detail area. Both revenue and expenditures are listed line by line. Knowledge of the account number structure is crucial to understanding the layout of the reports.

10-110-46110-00000 OFFICE EQUIPMENT/FURNITURE
$\$ 1,500$ Office Equipment/Furniture (46110): Request year 2020 allocation of $\$ 1,500.00$ for purchase of a new typewriter for the City Clerk. The typewriter is used to fill out pre-printed documents, and to index resolutions and ordinances. The typewriter is 25 years old and has been serviced several times throughout the years for various mechanical problems. These problems include: the ink ribbon sticks to the correction ribbon, letters type in doubles or triplicates, and the back space correction intermittently works. These mechanical issues result in sloppy paperwork and is very unproductive.

| Account | Description | 2019 YTD Projected | Explanation |
| :---: | :---: | :---: | :---: |
| 10-424-44010-00000 | POSTAGE/SHIPPING | \$9,250 | Per the Dept Of Enviro Protection's Recycling Performance Grant \& Act 101, the City is required to provide Recycling Information to our refuse customers 2 times per year (i.e. The Public Works Newsletter). The Annual Commercial Recycling Report is also required by the Dept Of Enviro Protection's Act 101 to be mailed to approximately 1,600 Commercial/Institutional Facilities. |
| 10-424-44180-00000 | VEHICLE/EQUIPMENT RENTAL | \$1,000 | This vehicle/equipment rental is used for snow removal, clean \& seal and illegally dumped debris. |
| 10-424-44190-00000 | BUILDING REPAIR SERVICE | \$1,000 | Considering a large percentage of the 2019 budget for Buidling Repairs is already spent, we can only anticipate that we will totally exhaust if not exceed the balance in this line item with unpredictable building repairs that may yet occur in 2019. |
| 10-424-44200-00000 | VEHICLE REPAIR SERVICE | \$28,500 | With some of the toughest seasons (leaf and snow removal) still ahead, the request is to keep the balance available for any unpredicatable vehicle repairs that may yet occur in 2019. |
| 10-424-44250-00000 | REFUSE COLLECTION | \$1,750,000 | There is no room for reduction in the highest line item for this budget. This a contracted service with very little fluctuation. The only variables are the number of addresses scheduled for Large Item pick up and the Fuel Escalator. When fuel increases, we pay that difference. Current contract expires 4/30/2021 and we will likely start bid process in the fall of 2020. |
| 10-424-44260-00000 | REFUSE DISPOSAL | \$1,210,000 | Because billing occurs after the month services are received, the YTD only accounts for the first 5 months being processed and paid. As the second highest line item for this budget, Disposal, has been increased as of 2019 to cover anticipated rise in solid waste tonnages due to global recycling market changes which eliminated some materials that we used to be able to recycle. The biggest was paperboard/chipboard items like paper towel rolls and food boxes. |
| 10-424-44400-00000 | OTHER CONTRACTUAL SERVICES | \$2,000 | We aquire an outside vendor to haul tractor trailer loads of yard waste, brush and tree debris out of the Compost Site from August through October each year. |
| 10-424-45060-00000 | PAINT \& SUPPLIES | \$500 | Predominately, this is paint supplies and paint used by Teamsters performing Clean \& Seal on vacant properties. Wood is painted to cover windows as it is asthetically better. |
| 10-424-45080-00000 | PURCHASES FOR RESALE | \$11,999 | Nothing additional is planned for the remainder of 2019. Each year a container (or bag) that is purchased for resale to our curbside customers is purchased based on inventory. For 2019, Green Recycling Cans were purchased. |
| 10-424-45120-00000 | VEHICLE PARTS/ACCESSORIES | $\$ 5,000$ 306 of | With some of the toughest seasons (leaf and snow removal) still ahead, the request is to keep the balance available for any unpredicatable vehicle parts/accessories that may yet be 4epea in 2019. |

2020 Proposed Justification/Explanation
$\$ 9,250$ We anticipate the possibility of a slight periodic increase in postage for our 3 bulk mailings each year. Per the Dept Of Enviro Protection's Recycling Performance Grant \& Act 101, the City is required to provide Recycling Information to our refuse customers 2 times per year (i.e. The Public Works Newsletter). The Annual Commercial Recycling Report is also required by the Dept Of Enviro Protection's Act 101 to be mailed to approximately 1,600 Commercial/Institutional Facilities.
$\$ 950$ This vehicle/equipment rental is used for snow removal, clean \& seal and illegally dumped debris.
\$950 This is a nominal request for unpredicatable building repairs that may occur in 2020.
$\$ 28,500$ This is a reasonable request based on past years for unpredicatable vehicle repairs that may occur in 2020. Outside servicing needs for the Loader, Tennant Sweeper, Sanitation Vehicles, etc.
$\$ 1,750,000$ There is no room for reduction in the highest line item for this budget. This a contracted service with very little fluctuation. The only variables are the number of addresses scheduled for Large Item pick up and the Fuel Escalator. When fuel increases, we pay that difference. Current contract expires 4/30/2021 and we will likely start bid process in the fall of 2020. *This will require Advertisement/Legal Ad costs in 2020.
$\$ 1,265,000$ As the second highest line item for this budget, Disposal, has been increased as of 2019 to cover anticipated rise in solid waste tonnages due to global recycling market changes which eliminated some materials that we used to be able to recycle. The biggest was paperboard/chipboard items like paper towel rolls and food boxes.
$\$ 2,000$ We aquire an outside vendor to haul tractor trailer loads of yard waste, brush and tree debris out of the Compost Site from August through October each year.
\$475 Predominately, this is paint supplies and paint used by Teamsters performing Clean \& Seal on vacant properties. Wood is painted to cover windows as it is asthetically better.
$\$ 12,000$ Each year a container (or bag) that is purchased for resale to our curbside customers is purchased based on inventory. For 2020, Yellow Yard Waste Cans are needed.
$\$ 5,000$ This is a nominal request based on past years for unpredicatable vehicle parts/accessories that may be needed in 2020.
$\$ 600$ This is a nominal request for purchase of material for clean and seal of abandoned properties. Request is based on past yeas as well as the year to date for 2019.

## 2020 Proposed Justification/Explanation

$\$ 70,000$ Training - The training budget is most impacted by new hires requiring academy training at about $\$ 4500 /$ officer. We anticipate hiring at least 5 new officers in 2020. A poriton of the academy training is reimbursed through MPOETC. The 2019 training budget was significantly cut. Despite significant cuts in supplemental training, and the use of the PCCD grant to provide funding, we exceeded the 2019 budgeted amount. Historical data shows training expenses ranged between $\$ 60,000-\$ 100,000$.

$\$ 4,000$ Association dues/Conferences - Amount remains relatively consistant for command staff association dues and conferences
\$275 \$35 National Night Out Membership, \$240 PA Crime Prevention Officers Assoc.
$\$ 320$ Electric - Yearly cost for electric in the Cherry Lane Police Storage/Evidence building
\$6,000 Lease vehicle
$\$ 4,000$ Building Repair - This account was cut from $\$ 5000$ in 2018 to $\$ 1725$ in 2019. 2018 expenses were low. This was largely due to the police building still being relatively new. In 2019, we did not have enough to cover expenses. Rudolph covered a number of expenses for building repair out of his budget. As the building continues to age, we expect repair expenses to rise.
$\$ 4,000$ Vehicle Repair Services - Used to repair and make changes to electronics and lighting in police cruisers. Recent years expenses ranged from $\$ 2000-\$ 8000$
$\$ 15,000$ Radio Communications - Our current radios run out of warranty in Aug 2019. In 2020, we will incur all costs for repair to the radios. We priced out extended warranty services but determined the cost was too high ( $@ \$ 17,000$ ) and have instead elected to fix the radios as
392 of 4 华这. We do not expect the costs for repair to exceed $\$ 15,000$
