Petition for Alternative Regulation and Network Modernization Plan of Marianna and Scenery Hill Telephone Company, Docket No. P-00981434

Dear Secretary Chiavetta:

Consolidated Communications of Pennsylvania, LLC (“CCPA”), hereby advises the Pennsylvania Public Utility Commission (Commission) that, pursuant to Secretarial Letter of May 13, 2019 at the above docket, it intends to file an amended Chapter 30 Alternative Regulation and Network Modernization Plan within sixty (60) days of the date of this letter. It is doing so in compliance with and under the terms of that Secretarial Letter.

CCPA does not believe that the newspaper publication requirement of 66 Pa.C.S. § 3014 (e) applies to this filing, since CCPA is not “elect[ing] to amend its network modernization plan under subsection (b)[.]” Rather, the changes are limited to CCPA’s Price Stability Plan.¹ Moreover, these changes are ministerial in nature and have already been ordered by the Commission in this case or others. To the extent that a newspaper notice might be argued to apply, CCPA requests that it be excused from such requirement.

Thank you for your attention to this matter. Should you or the Commission Staff have any questions or comments, please contact me at your convenience.

Very truly yours,

Deanne O’Dell

¹ Chapter 30 Plans are composed of three basic parts: a commitment to offer broadband service (Network Modernization Plan), the establishment of competitive services (Competitive Services Deregulation Plan) and the establishment of an alternative form of regulation (Price Stability Plan).
