Bureau of Consumer Services – Third Data Request
Starlink Services, LLC (Space Exploration Technologies Corp aka SpaceX) – P-2021-3023580
Petition for Designation as an Eligible Telecommunications Carrier (ETC)
Under [52 Pa. Code § 69.2501 and PA Title 66 Chapter 30](#)

1. When will Starlink determine if it will provide VoIP services through its own solution or via a third-party / white-label managed service provider?

Answer:

Starlink Services has determined that it will initially provide voice services using a managed service provider. Over the 10-year term of the RDOF program, Starlink Services may choose to bring certain functions related to voice in-house to the extent such action would benefit the customer experience and such service would comply with state and federal requirements.
