

**Application of Pennsylvania-American Water Company for the Acquisition
of the Wastewater Collection and Treatment System Owned by the York City Sewer
Authority (the “Authority”) and Operated by the City of York (the “City”)
(collectively “York”)**

**66 Pa. C.S. § 1329
Application Filing Checklist – Water/Wastewater
Docket No. A-2021-3024681**

15. Plant in Service.
- a. Provide an inventory of the used and useful plant assets to be transferred. Identify separately any utility plant that is held for future use.¹

AMENDED RESPONSE:

- a. See the Engineer’s Assessment attached as **Amended Appendix A-15-a** that identifies assets to be transferred as required by 66 Pa. C.S. § 1329(a)(4). Train 1 is not in service and is being held for future use. The EA has been updated to reflect this. Additional inventory sheets have been developed to identify the items held for future use and will reflect the constructed costs of these items separately.

¹ The inventory is to be developed from available records, maps, work orders, debt issue closing documents funding construction projects, and other sources to ensure an accurate listing of utility plant by utility account.
