MOTION FOR JUDGMENT ON THE PLEADINGS

Pursuant to 52 Pa. Code § 5.102, Verizon Pennsylvania LLC (“Verizon PA”) moves for judgment on the pleadings and dismissal of the formal complaint filed by Ron Abrams (“Complainant”).¹ Even if all of the issues in a case cannot be resolved by this motion, Verizon PA requests a partial grant of judgment on the pleadings pursuant to 52 Pa. Code § 5.102(d)(2), in order to reduce the issues required to be addressed at hearing and conserve administrative and party resources. The hearing in this matter is scheduled for September 28, 2021. In support of this motion, Verizon PA states as follows:

A. Background

1. On or about January 21, 2020, Mr. Abrams filed a formal complaint against Verizon PA. The Commission served the complaint upon Verizon PA’s counsel electronically on January 22, 2020.

2. Verizon PA answered the formal complaint on February 11, 2020 and asked for mediation. The case was placed in mediation by interim order dated February 13, 2020.

¹ In the alternative, Verizon PA requests that this motion be treated as a motion for summary judgment.

3. Based on her communications with Mr. Abrams, the mediator terminated the mediation in July of 2020 and sent the case to be scheduled for a hearing.

4. Verizon has continued to work with Mr. Abrams to try to settle the case, notwithstanding the termination of the mediation. Hearing dates were scheduled for September 3, 2020 (rescheduled at Mr. Abrams' request), November 4, 2020 (rescheduled at Mr. Abrams' request) and August 4, 2021 (rescheduled at the parties' joint request due to a scheduling conflict for Verizon's counsel and further pursuit of a settlement). The hearing is currently scheduled for September 28, 2021 and the presiding officer denied Mr. Abrams' request for another continuance.

5. Mr. Abrams lives at 139 Dale Rd., Willow Grove, PA. He subscribes to telephone service at that location provided by Verizon PA.

6. Mr. Abrams' telephone service is currently provided over copper facilities.

7. Mr. Abrams' formal complaint objects to the migration of his telephone service from copper to fiber optic facilities due to Verizon's retirement of copper at this location, and seeks an order requiring Verizon to continue to serve him on copper facilities.

8. Verizon's copper network in the Willow Grove wire center has been retired pursuant to the FCC's regulations at 47 C.F.R. § 51.325, *et seq.*, and all customers and services are in the process of being migrated to fiber optic facilities so that the copper switching equipment can be shut down and decommissioned. (See paragraphs 18 through 34 of this motion).

9. The complaint states that Verizon told Mr. Abrams that his telephone service must be migrated to fiber through "a letter" that said "the price would stay the same" but that he objects to switching to fiber and "would really like Verizon to leave my copper phone alone." If

forced to switch he wants, as a condition of migrating, a “guaranteed working phone” and “internet at no charge.”

10. He also complains that there is a “Verizon pole in back yard” that is “in bad condition” and he wants “wires and pole moved out of my yard.”

11. As discussed below, Mr. Abrams’ request for relief relating to service over copper is beyond this Commission’s authority to grant. If Mr. Abrams wishes to retain Verizon telephone service, then he must allow access to migrate the serving facilities from copper to fiber. If Mr. Abrams refuses to allow access for fiber migration then Verizon PA will provide any notices required by Chapter 64 of the Commission’s regulations and then will terminate service. (See paragraphs 18 through 34 of this motion).

12. Also as discussed below, Mr. Abrams’ request that Verizon be required to remove the pole in his yard is outside this Commission’s jurisdiction. A pole has been present pursuant to a valid easement since 1956 and the Commission does not have jurisdiction to determine the scope and validity of an easement. (See paragraphs 35 through 41 of this motion).

B. Legal Standards for Judgment on the Pleadings

13. The Commission’s regulations permit a party to move for summary judgment or judgment on the pleadings after the pleadings are closed. 52 Pa. Code § 5.102(a).

14. The motion will be granted “if the applicable pleadings, depositions, answers to interrogatories and admissions, together with affidavits, if any, show that there is no genuine issue as to a material fact and that the moving party is entitled to a judgment as a matter of law.” 52 Pa. Code § 5.102(d)(1).

15. Even if all of the issues in a case cannot be resolved by the motion, the rule allows a partial grant of judgment on the pleadings if “the moving party is entitled to a judgment as a matter of law on one or more but not all outstanding issues.” 52 Pa. Code § 5.102(d)(2).

16. Judgment on the pleadings is appropriate where no material facts on a particular issue remain in dispute. *Williams v. Lewis*, 466 A. 2d 682, 683 (Pa. Super. Ct. 1983), *citing Pa. Ass’n of State Mental Hosp. Physicians, Inc. v. State Employee Ret. Bd.*, 399 A.2d 93 (Pa. 1979). A fact is “material” if “its resolution could affect the outcome of the case under the governing law.” *Farabaugh v. Pa. Tpk. Comm’n.*, 911 A.2d 1264, 1267 (Pa. 2006).

17. A hearing is necessary only to resolve disputed questions of fact and is not required to resolve questions of law, policy or discretion. *Dee-Dee Cab, Inc. v. Pa. PUC*, 817 A.2d 593 (Pa. Cmwlth. 2003).

C. Verizon has Retired Copper in the Willow Grove Wire Center and the Commission Cannot Award Mr. Abrams’ Requested Relief of Requiring Verizon to Continue to Provide Service over Copper

18. The Commission has recognized that “that the retirement of copper telephone lines is regulated primarily by the FCC.”²

19. The FCC’s copper retirement rules are set forth at 47 C.F.R. § 51.325, *et seq.*, and the process was discussed in FCC orders released in 2015 and 2017.³

20. In terms of Verizon PA’s network, Mr. Abrams lives in the Willow Grove wire center. (Answer ¶ 4).

² *Fox v. Verizon Pennsylvania LLC*, Docket No. C-2016-2576094 (Opinion and Order entered July 12, 2018) (“*Fox Order*”) at 9.

³ *In the Matter of Technologies Transitions, et. al*, GN Docket No. 13-5, et. al, 30 FCC Rcd 9372; 2015 FCC LEXIS 2000, Report and Order, Order on Reconsideration, and Further Notice of Proposed Rulemaking (rel. Aug. 7, 2015) (“*Technology Transitions Order I*”); *In re Deployment*, 32 FCC Rcd 11128, 11144, 2017 FCC LEXIS 3763 (rel. November 29, 2017) (“*Technology Transitions Order II*”).

21. Verizon PA has deployed fiber optic facilities in the Willow Grove wire center and fiber is available to serve Mr. Abrams. (Answer ¶ 4).

22. On September 16, 2019 Verizon PA filed a Public Notice of Copper Retirement with the FCC under 47 C.F.R. § 51.333 for all addresses within the Willow Grove wire center. (Answer ¶ 4).⁴

23. Before it can complete the retirement of copper, Verizon PA must transfer the services of its existing customers in that area from copper to fiber-optic facilities. Service will no longer be provided over the existing copper facilities after this upgrade is complete, so customers who want to retain their Verizon PA service will have to migrate to fiber. The migration is simply a change in the underlying facilities; the customers are able to retain the same Verizon PA voice services at the same rates. There is no charge for the installation and devices such as fax, security alarms connected to a central station, or medical monitoring equipment would continue to work in the same way as they did over copper. Verizon also provides a battery backup device that complies with the FCC's requirements for backup power in the event of a commercial power outage.⁵ It can provide standby service for up to 24 hours using standard D-cell batteries, and in the event of a prolonged power outage the D-cell batteries can simply be replaced for additional backup power.⁶ Verizon PA's decision to provide service over fiber is the right one for its customers because of the greater resilience and efficiency of fiber and because fiber affords customers the opportunity - but not the obligation - to access a

⁴ Verizon PA's copper retirement filing is attached as Exhibit 1 to this motion.

⁵ *In the Matter of Ensuring Continuity of 911 Communications*, PS Docket No. 14-174, 30 FCC Rcd 8677; 2015 FCC LEXIS 2001, Report and Order (rel. Aug. 7, 2015).

range of optional services, including next-generation broadband services, that will better meet their communications needs now and in the future. (Answer ¶ 4).

24. Under the FCC’s rules, a copper retirement filing is “deemed final on the 90th day after the release of the [FCC’s] public notice of the filing, unless an objection is filed” by “an information service provider or telecommunications service provider that directly interconnects with the incumbent LEC’s network.” 47 C.F.R. §51.333(b) and (c).

25. The FCC published its public notice of Verizon’s copper retirement filing on June 18, 2020.⁷

26. As indicated on the FCC docket, no objections were filed and the copper retirement became final under the FCC’s rules for Mr. Abrams’ location in the Willow Grove wire center as of September 16, 2020.⁸

27. Both this Commission and the FCC permit Verizon PA to retire copper and to disconnect services of customers who refuse to migrate to fiber following the required notices. The same service provided over fiber remains available in these areas.

28. The Commission has recognized that “there are no Commission laws, regulations or Orders regarding copper line availability or migration upon which to order Verizon PA to continue to provide . . . landline telephone service that is based on a copper line.”⁹ Verizon PA

⁷ The FCC’s public notice is attached as Exhibit 2 to this motion. The Commission may take administrative notice of this FCC document pursuant to 52 Pa. Code § 5.406 as “[a]n official report, decision, opinion, published scientific or economic statistical data or similar public document which is issued by a governmental department, agency, committee, commission or similar entity which is shown by the offeror to be reasonably available to the public.”

⁸ A copy of the FCC’s docket showing the lack of objection is attached as Exhibit 3 to this motion. The Commission may also take administrative notice of this FCC document pursuant to 52 Pa. Code § 5.406.

⁹ *Fox Order* at 9.

is permitted to suspend and then disconnect service, following applicable notifications, if the customer does not allow Verizon PA to perform a fiber migration.

29. The Commission has held that “if a customer refuses to allow Verizon access to migrate its network serving lines from copper to fiber, then pursuant to Section 64.61(3) of the Commission’s Regulations, a telephone company may suspend telephone service for ‘[un]reasonable refusal to permit access to service connections, equipment and other property of the LEC for maintenance or repair’” and then terminate service.¹⁰

30. In the *Fox* case, the Commission adopted the decision of Administrative Law Judge Conrad A. Johnson, which explained that “Verizon PA made a business decision to transition to fiber in order to provide better quality and reliable service to its customers,” and “the Commission lacks the power to intervene with Verizon PA’s business decision to transition from copper to fiber.”¹¹

31. The Commission adopted the ALJ’s holding that “the FCC’s regulation permits Verizon PA to retire copper facilities and further permits the company to suspend service if a customer denies the company’s access to transition the service to fiber” and that “the Commission cannot grant the Complainant the remedy he is seeking” of requiring Verizon to keep his line on copper “because the Complainant ‘holds the key to the resolution for his Complaint. He can elect to convert his telephone service to fiber or he can resign himself to the eventual suspension of his service.’”¹² The answer is the same for Mr. Abrams as it was for Mr. Fox.

¹⁰ *Id.* at 6-7.

¹¹ *Fox Order* at 6.

¹² *Fox Order* at 7.

32. As stated in Verizon PA's answer and referenced in the complaint, Verizon PA mailed Mr. Abrams a notification of the planned fiber upgrade on October 11, 2019. He had a pending fiber migration order that was scheduled to be completed on February 28, 2020. The order was canceled after this complaint was filed. (Answer ¶ 4).

33. The portion of the complaint objecting to fiber migration and requesting to retain a copper line should be dismissed. At the time the complaint was filed Verizon PA had not yet issued a notice of suspension to Mr. Abrams, but following dismissal of the copper retirement claim, if Mr. Abrams does not agree to the migration, Verizon PA will send the notices required by the Commission's Chapter 64 regulations as referred to in the *Fox* case before it would suspend or terminate service to Mr. Abrams. If Mr. Abrams does not agree to migrate service to fiber then his service will be suspended and terminated following those notices.

34. Accordingly, judgment on the pleadings should be entered in Verizon PA's favor because the relief Mr. Abrams requests of an order requiring Verizon PA to keep his service on copper is not within this Commission's authority to provide. Likewise, there is no authority for his demand for free internet service or any other requirements as a condition of migrating service to fiber.

35. Verizon PA also seeks clarification that it may proceed with notification of suspension and termination immediately, even if the case is still open on exceptions or awaiting decision of any issues addressed in a hearing. In the *Fox* case the initial decision suggested that 52 Pa. Code § 56.141 prevents Verizon PA from terminating service during the pendency of the formal complaint. (Fox ID at 11, n. 4). But that provision by its plain terms only applies to electric distribution, gas and water utilities. The comparable provision for telephone service, 52 Pa. Code § 64.161, is narrower. It states that the "timely filing of a formal complaint acts as a

limited stay and the LEC may not suspend or terminate service *based on the complaining party's nonpayment of any billed amount which is contested in the formal complaint* until the complaint is resolved.” (emphasis added). This rule does not prevent Verizon from terminating service for reasons other than nonpayment. Mr. Abrams should not be permitted to use this complaint to continue to delay Verizon’s ability to migrate his line to fiber or terminate his service to proceed with the shut-down of the copper network in the Willow Grove wire center. If these claims are dismissed by the presiding officer then Verizon PA requests clarification that suspension and termination may proceed immediately pursuant to the Commission’s regulations.

D. The Commission Lacks Jurisdiction Over The Scope and Validity of Verizon’s Easement for the Pole in Mr. Abrams’ Yard

36. Mr. Abrams’ request that the Commission order the “wires and pole moved out of my yard” should also be dismissed on the pleadings.

37. The parties agree that the pole in his yard belongs to Verizon and that it carries facilities of Verizon and PECO. (See Complaint and Answer).

38. Verizon has had a telephone pole lawfully located in the easement in the rear of the Complainant’s property since 1956. (Answer ¶ 4). A true and correct copy of the developer’s grant of easement for the Willow Grove Manor development where Mr. Abrams’ home is located, dating from 1954, is attached to this motion as Exhibit 4. Additionally, even if there were not a written easement, Verizon PA would have a prescriptive easement due to the presence of this pole in that location for more than 21 years.

39. The Commission, as a creation of the General Assembly, has only the powers and authority granted to it by the General Assembly contained in the Public Utility Code. The

Commission must act within, and cannot exceed its jurisdiction.¹³ Jurisdiction may not be conferred by the parties where none exists.¹⁴ Subject matter jurisdiction is a prerequisite to the exercise of power to decide a controversy.¹⁵

40. In *Fairview Water Co. v. Pennsylvania Pub. Util. Comm'n.*, 502 A.2d 162 (Pa. 1985), the Pennsylvania Supreme Court held that the Commission does not have jurisdiction to determine the scope and validity of an easement. The Commission has thus held that it is not the proper forum for resolving property rights controversies. Rather, such controversies are a matter for a court of general jurisdiction.¹⁶

41. The Commission recently confirmed that “the Courts of Common Pleas and not this Commission have jurisdiction over substantive property disputes, including questions of trespass, the scope and validity of a utility’s right of way, or to determine if a utility’s facilities are situated within a valid right of way.”¹⁷

¹³ *Feingold v. Bell of Pennsylvania*, 383 A.2d 791 (Pa. 1977); *Loma, Inc. v. Pennsylvania Public Utility Commission*, 682 A.2d 424 (Pa. Cmwlth. 1996).

¹⁴ *Roberts v. Martorano*, 235 A.2d 602 (Pa. 1967).

¹⁵ *Hughes v. Pennsylvania State Police*, 619 A.2d 390 (Pa. Cmwlth. 1992), *alloc. denied* 637 A.2d 293 (Pa. 1993).

¹⁶ *Anne E. Perrige v. Metropolitan Edison Co.*, Docket No. C-00004110 (Order entered July 3, 2003); *Fiorillo v. PECO Energy Co.*, Docket No. C-00971088 (Order entered September 15, 1999).

¹⁷ *Librandi Machine Shop, Inc. v. Metropolitan Edison Company and Borough of Middletown*, P-2018-3000047, 2021 PA. PUC LEXIS 49 (Opinion and Order entered February 25, 2021) (citing *Fairview Water Co. v. Pa. PUC*, 509 Pa. 384, 502 A.2d 162 (1985)). See also *Fiorello v. PECO Energy Company*, Docket No. C-00971088 (Order entered September 14, 1999)(the Commission found a valid right-of-way and the interpretation of that agreement was held to be a substantive property rights issues within the court of common pleas' jurisdiction); *Lou Amati/Amati Service Station v. West Penn Power Co. and Bell Atlantic-Pennsylvania, Inc.*, Docket C-00945872 (Order entered October 25, 1996)(the Commission does not have subject matter jurisdiction over questions of trespass and the scope and validity of a utility's right-of-way); *Edward Boczar v. PPL Electric Utilities Corporation*, Docket No. C-20016332 (Order entered February 10, 2003) (the Commission does not have jurisdiction to determine if utility's facilities are situated within a valid right-of-way; such matters are within the exclusive jurisdiction of the Court of Common Pleas); *Anne E. Perrige v. Metropolitan Edison Co.*, Docket No. C-00004110 (Order entered July 3, 2003) (the Commission does not have jurisdiction to determine the true location of the utility's right-of-way); *Stefanoski v. Pennsylvania-American Water Co.*, Docket No. C-20078219 (Order entered September 22, 2008) (The commission does not have jurisdiction to interpret a right-of-way).

42. Accordingly, Mr. Abrams' request that Verizon be required to remove or move the pole from his yard should be dismissed.

43. Verizon realizes that Mr. Abrams' claim that the pole is "in bad condition" may allude to safety issues that cannot be disposed of on the pleadings. However, the other issues relating to copper retirement and the request to remove the pole from his yard should be dismissed on judgment on the pleadings before the hearing to simplify the issues that must be addressed with testimony and conserve party and administrative resources.

44. Verizon notes – and it is prepared to put on evidence to establish – that it already replaced the pole in the initial stages of this case when it was still in mediation. Since then, Verizon has gone to great lengths to inspect its pole and lines, to regrade the yard and fill in holes, and to address the numerous new issues that Mr. Abrams has continued to raise with this pole. There is no safety issue.

45. Verizon PA also notes that Mr. Abrams is a highly prolific filer of formal complaints with this Commission. Since 2008 the Commission's website shows that Mr. Abrams has filed twelve formal complaints against various utilities (including this one). Five of these complaints were against Verizon PA. Twice before (in 2008 and 2011) Mr. Abram's filed complaints against Verizon PA relating to the pole in his back yard that he also raises in this complaint. The 2008 complaint was dismissed because Mr. Abrams failed to show up for the hearing (Docket C-2008-2025535) and the 2011 complaint was closed by a certificate of satisfaction (Docket C-2011-2254406). Accordingly, after any remaining issues relating to the pole are decided, Mr. Abrams should be directed not to file any future formal complaints against Verizon PA relating to the pole in his yard.

WHEREFORE, for the reasons stated above, judgment on the pleadings should be entered in Verizon PA's favor and the formal complaint should be dismissed in whole or in part.

Respectfully submitted,

centers. Upon completion, Verizon will provide services available over its fiber optic network.

The majority of customers served by copper at these locations purchase “plain old telephone service.” Following transition to fiber, Verizon will continue to offer these customers the same POTS over fiber at the same price as they received on copper facilities, with no change in the underlying features and functionalities in their service.

There may be one or more obsolete, narrowband services (such as certain DSO level services) that are incompatible with or unavailable over fiber. If so, we will work closely with those customers to address their particular needs.

Please contact me should you need any further information.

All of Verizon's copper retirement notices may be viewed on Verizon's website at <http://www.verizon.com/about/terms-conditions/network-disclosures>

Description of the planned network change(s):

Verizon intends to retire the copper facilities at all remaining locations in the one hundred twenty-six (126) wire centers listed above. Verizon has deployed or plans to deploy its fiber-to-the-premises network in these areas and intends to provide services over a fiber network infrastructure. Updating our network from copper to fiber benefits our customers because of fiber's resiliency and reliability, especially in inclement weather. Fiber also provides our customers with expanded capabilities to grow with current bandwidth demands for their home or business.

Description of reasonably foreseeable impact(s) of the planned change(s):

After the retirement of the copper facilities, Verizon will: (1) no longer offer services over copper facilities; and (2) cease maintaining the copper facilities. To help ensure an orderly transition, Verizon may require customers and interconnecting entities to migrate services off of copper facilities well before the copper retirement implementation date.

CERTIFICATION OF PUBLIC NOTICE OF COPPER RETIREMENT UNDER RULE 51.333

I, Melissa Hefley, do hereby certify that on September 9, 2019, I caused Verizon's Public Notice of Copper Retirement Under Rule 51.333 to be served upon each telephone exchange service provider that directly interconnects with Verizon's network in the applicable area(s). Attached are the names and addresses of those providers who were served.

The Public Notice(s) may also be viewed on Verizon's website at:

WIRELINE COMPETITION BUREAU COPPER RETIREMENT NETWORK CHANGE NOTIFICATION FILED BY VERIZON PENNSYLVANIA LLC

WC Docket No. 20-171
Report No. NCD-2987

June 18, 2020

Re: COPPER RETIREMENT NETWORK CHANGE CERTIFICATION RECEIVED

Verizon Pennsylvania LLC (Verizon), an incumbent local exchange carrier (LEC), has filed certification that public notice of network change(s) involving the retirement of copper has been provided through its publicly accessible Internet site, as required by section 51.329(a) of the rules of the Federal Communications Commission (FCC or Commission),¹ together with certification of service on identified interconnecting telephone exchange service providers, as required by section 51.333(a).² Upon initial review the filing appears to be complete.³ Specific network change information can be obtained on the Internet at: <https://www.verizon.com/about/terms-conditions/network-disclosures>.

The incumbent LEC's certification(s) refer(s) to the change(s) identified below:

Copper Retirement ID No.	Type of Change(s)	Location of Change(s)	Planned Implementation Date(s)
2019-03-A-PA	Verizon plans to retire copper facilities and replace them with fiber facilities to provide services over the fiber-to-the-premises network infrastructure it has either deployed or plans to deploy. An objection to an incumbent LEC's copper retirement notice may be filed by an information service provider or telecommunications service provider that directly interconnects with the incumbent LEC's network. Such objections must be filed with the Commission, and served on the incumbent LEC, no later than the ninth business day following the release of this Public Notice.⁴ The effective implementation date(s) of network changes referenced in standard copper retirement notices are subject to the FCC public notice periods described under section 51.333(b)(2).⁵ For purposes of computation of time when filing a petition for reconsideration, application for review, or petition for judicial review of the Commission's decision, the date of "public notice" shall be the later of 90 days after the release date of this Public Notice, or the release date of any further public notice or order announcing final action, as applicable. Should no petitions for reconsideration, applications for review, or petitions for judicial review be timely filed, the proceeding listed in this Public Notice shall be terminated, and the docket will be closed.

Information service providers and telecommunications service providers that directly interconnect with the incumbent LEC's network may file objections, and other interested parties may file comments,

⁴ See 47 CFR § 51.333(c).

⁵ See 47 CFR § 51.333(b)(2). In the absence of filed objections, a notice of copper retirement usually will be deemed final on the 90th day after the release of the Commission's public notice of the filing pursuant to section 51.333(b)(2). However, notice of copper retirement involving facilities that are not being used to provision services to any customers, usually will be deemed final on the 15th day after the release of the Commission's public notice of the filing. *Id.*

regarding this network change notice using the Internet by accessing the ECFS: <http://apps.fcc.gov/ecfs>. Filers should follow the instructions provided on the Web site for submitting comments. Generally, only one copy of an electronic submission must be filed. In completing the transmittal screen, filers should include their full name, U.S. Postal Service mailing address, and the applicable docket number. Interested parties also may comment on this network change notice by sending an e-mail to NetworkChange@fcc.gov. The subject line of the e-mail must include the correct NCD Report Number or docket number in order for the comments to be considered in conjunction with this proceeding. All information submitted including names and addresses will be publicly available via the web.

Parties who choose to file paper copies must file an original and one copy of each filing. Such filings can be sent by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail.⁶ All filings must be addressed to the Commission's Secretary, Office of the Secretary, Federal Communications Commission. Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9050 Junction Drive, Annapolis Junction, MD 20701. U.S. Postal Service first-class, Express, and Priority mail must be addressed to 445 12th Street, S.W., Washington, D.C. 20554.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's *ex parte* rules.⁷ Participants in this proceeding should familiarize themselves with the Commission's *ex parte* rules. Persons making *ex parte* presentations must file a copy of any written presentation or a memorandum summarizing any oral presentation within two business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentation must (1) list all persons attending or otherwise participating in the meeting at which the *ex parte* presentation was made, and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter's written comments, memoranda or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum. Documents shown or given to Commission staff during *ex parte* meetings are deemed to be written *ex parte* presentations and must be filed consistent with rule 1.1206(b).

People with Disabilities: To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an e-mail to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at (202) 418-0530 (voice), (888) 835-5322 (tty).

On this, the 22nd day of October, 1954, before me,

A Notary Public residing in Philadelphia, the undersigned officer, personally appeared Morris A. Kravitz, who acknowledged himself to be the President of Willow Realty Inc., a corporation,

and that he as such President, being authorized to do so, executed the foregoing instrument for the purposes therein contained by signing the name of the corporation by himself as President.

In Witness Whereof, I hereunto set my hand and official seal.

Bernard Sacks
Notary Public, Philadelphia, Pa.
My Comm. Exp. 12-17-1954

VERIFICATION

I, Douglas R. Smith, Director – External Affairs of Verizon, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect to be able to prove the same at a hearing held in this matter.
