Re: **Act 127 of 2011 Pipeline Act**

Dear Ms. Chiavetta:

May of 2020 Hilcorp Energy modified their operations that changed their pipelines from being gathering to non-jurisdictional production. This was communicated and reviewed by the PAPUC on November 4, 2020 by email correspondence with PAPUC staff member, Melissa McFeathers.

Hilcorp Energy pipelines and facilities are no longer gathering as determined by 49 CFR Part 192.8 *How are onshore gathering lines and regulated onshore gathering lines determine* and incorporated by reference API RP 80 *Guidelines for the Definition of Onshore Gas Gathering Lines*. I respectfully request to cancel Hilcorp Energy's Act 127 registration.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ian Ellington'.

Ian Ellington  
Sr. Pipeline Regulatory Compliance Manager / L48
