**HUDSON ENERGY SERVICES, LLC. COMPLIANCE FILING**

---

**I. Introduction**

1. Hudson Energy Services, LLC. (“Hudson” or “Company”) is an electric generation supplier (“EGS”) authorized by the Pennsylvania Public Utility Commission (“PaPUC” or “Commission”) to provide electric generation supplier services to residential, small commercial, large commercial, industrial and governmental customers in the electric distribution company service territories within the Commonwealth of Pennsylvania. Hudson received its license to operate as an EGS by Order of February 11, 2011 at Docket No. A-2010-2192137. As a licensed EGS, Hudson is subject to the Commission’s authority to require it to furnish a bond or other security in order to operate in the Commonwealth of Pennsylvania, pursuant to Section 2809(c) of the Public Utility Code (“Code”) and Section 54.40 of the Commission’s regulations. 66 Pa.C. S. §2809(c); 52 Pa.Code §54.40.

2. Section 54.40(d) of the Commission’s regulations requires EGSs to provide a security level of 10% of the licensee’s reported gross receipts. However, a licensee may seek approval from the Commission of an alternative level of bonding, commensurate with the nature and scope of its operations. 52 Pa.Code §54.40(d). According to the Commission’s regulations, the purpose of the bond is to ensure payment of the Pennsylvania Gross Receipts Tax (“GRT”) and to ensure the supply of electricity at the retail level in accordance with contracts, agreements or arrangements. 52 Pa.Code §54.40(f)(2). On July 24, 2014, after consideration of formal

comments submitted to a December 5, 2013 Tentative Order, the Commission found that requiring an EGS to post a bond or security in the amount of 10% of gross receipts after the first year of operation “may be excessive in relation to the risk intended to be secured, unnecessarily burdening EGSs, and presenting a potential barrier to entry into Pennsylvania’s retail electric market.”<sup>1</sup> Therefore the Commission announced in the July 24, 2014 Order that it was adopting the policy of accepting applications by EGSs to reduce their level of bonding/security after the first year of operation to 5% of the EGS’s most recent 12 months of gross revenue or \$250,000, whichever is higher. In addition, the July 24, 2014 Order delegated authority to review uncontested requests for a reduction in the level of bonding to the Bureau of Technical Utility Services.<sup>2</sup> In an Order entered September 20, 2018, the Commission streamlined the process for EGSs to obtain reductions in their annual security obligations and permitted, *inter alia*, the filing of a Compliance Filing for renewal of security rather than a formal Petition.<sup>3</sup>

3. Based on the July 24, 2014 Order, the September 20, 2018 Order, the Code, the Commission’s regulation at Section 54.40(d) and the following supporting material, Hudson respectfully requests that the Commission accept a reduced security requirement of 5% of its most recent 12 months of gross revenue.

4. By Secretarial Letter Dated October 12, 2017 at Docket No. A-2010-2192137, Utility Code: 1112538, the Commission approved Hudson’s September 6, 2017 Petition for a security reduction, effective to December 9, 2018. This approval synchronized the Company’s twelve (2) month security reduction period with its annual security renewal period. Hudson

respectfully requests that the Commission set its new bond reduction renewal date as December 9, 2022 for it and its two other affiliates - Just Energy Solutions Inc. (“JES”), Docket No. A-110117, and Just Energy Pennsylvania Corp. (“JEPC”), Docket No. A-2009-2097544 (collectively, the “Companies”). Security reduction renewal requests are being separately filed for JES and JEPC requesting the same security reduction periods and annual security renewal dates in order to streamline the entire process for the Commission and the Companies.

**II. Information Provided in Support of Security Compliance Filing**

5. This Compliance Filing includes Confidential Attachments 1 through 4. Confidential Attachment 1 provides Hudson’s gross revenues for the sale of electricity to retail customers in Pennsylvania for the most recent twelve (12) months.

10. Based on the foregoing information, Hudson requests that its bonding requirement be maintained at 5% of its most recent twelve (12) months of gross revenue. This amount is reasonable and satisfies the requirements of Section 2809(c) of the Public Utility Code (“Code”) and Section 54.40 of the Commission’s regulations. 66 Pa.C. S. §2809(c); 52 Pa. Code §54.40.

An original security document will be submitted to the Commission when the final quarter of gross revenues is available.

**III. Relief Requested and Conclusion**

11. Based on its standing as an EGS licensed to do business in Pennsylvania, the Commission's regulations the July 24, 2014 Order and the September 18, 2020 Order, Hudson respectfully requests that it be authorized to renew its security on file with the Commission to 5% of its most recent twelve (12) months of revenue, effective for the twelve (12) month period to December 9, 2021. Hudson will submit a new bond in this amount that also complies with the Commission's bond requirements for EGSs listed in Section 55.40(f) of the Commission's regulations. 52 Pa.Code §54.40(f).

Respectfully submitted,
